

# ELEVEN DEATHS IN TWO TRAIN WRECKS IN ONTARIO

## Thousands of School Children Start Holidays City and District Schools End Term; Pass Lists Are Out

## Four Children, Fireman And Six Tramps Killed In Train Derailments

Doors Closed In Educational Institutions This Morning Until September 2; 5,818 Children In Victoria as Well As Hundreds In Saanich, Oak Bay and Esquimalt Released From Studies; Few Changes To Be Made In Staffs of Schools Next Year.

Thousands of happy young children from the schools of Victoria, Saanich, Esquimalt and Oak Bay left behind them all thoughts of studies, examinations and homework, following the announcement of promotions to-day. With the pass lists issued, the pupils are now free for a two-month holiday and will not be required to turn their brains with school work until September 2, when they return to resume their courses.

Early this morning, the young students from the grade schools of the Lower Island bade their teachers goodbye and trudged home merrily to start their play. Some marched along proudly, carrying the honor rolls they had received for conspicuous success in the different phases of school work, while others, in groups, discussed plans for vacation outings and camps as they left the schools.

Behind them, teachers bused themselves with final reports, which they will submit to their various school boards before they join the children in the prolonged holiday.

**FEW STAFF CHANGES**  
The Victoria School Board office this morning announced that few changes would be seen in the staffs of city schools at the start of the next term. While the number of resignations tendered were approximately the same as other years, several who have been granted leave of absence, will be back in their rooms to continue the instruction of their pupils.

Although several classes had been released earlier in the week, when their promotion by recommendation and announced, was not observed until this morning.

In a number of schools prize presentation exercises were held and young students received awards of merit before an assembly of parents and friends.

Expressions of hope for the success of the classes passing into higher grades were voiced by teachers throughout the district and cherry wishes for happy holidays were exchanged between the pupils and their instructors.

The pass lists follow:

### TWO TEACHERS DISMISSED BY OAK BAY BOARD

W. E. Hoadley, Principal of Willows School, and Miss E. Beatty Refused to Resign  
Action Taken in Case Which Caused So Much Interest in Recent By-election

Refusing to send in their resignations, when asked to do so some weeks ago by the Oak Bay School Board, W. E. Hoadley, principal of the Willows School, and Miss E. Beatty, teacher in the same school, were last night dismissed by members of the board at a special meeting, the dismissal to take effect within thirty days. School Trustees E. M. McCann, F. F. Curtis and C. Macdonald voted in favor of the dismissal of both teachers. Trustee Herbert Murray opposed it.

Shortly after the special meeting opened last night the board, at the suggestion of Trustee Curtis, resolved itself into a committee of the whole and excluded the press and public.

Trustee Murray expressed himself in favor of leaving such a meeting open to the public, feeling that the matter was of public interest and should be passed on to the parents of the children of the Willows School through their representatives.

### SOUTHERN CROSS FOR SALE, STATES ITS DARING PILOT

New York, June 27.—"For sale: Southern Cross, tri-motored monoplane, flown about 75,000 miles but still able to laugh at an ocean."  
"Owner, Squadron Leader Charles E. Kingsford-Smith, entirely satisfied with performance but 'trickily hard' up and needs money so he can be married. Apply to Kingsford-Smith at Oakland, California, airport, in week or two."

This might be an advertisement to-day according to statements by Major Kingsford-Smith.

### Premier King To-night Speaks In Sherbrooke

Prime Minister Completes Tour of Maritime Provinces By Addressing Large Audience at St. John, N.B.

By Ray Brown, Canadian Press Staff Correspondent

St. John, N.B., June 27.—His election campaign tour of the Maritime Provinces completed, Premier King to-day turned again in the direction of Ottawa. He left for Sherbrooke, Que., where he will speak this evening. After his meeting at Sherbrooke the Prime Minister plans to return to Ottawa for a few hours before leaving for western Canada.

St. John, N.B., June 27.—Old age pensions, development of trade with the West Indies, and the Australian and New Zealand treaties found a prominent place in Premier King's address before a great audience here yesterday evening—the final speech of his election tour in the Maritime Provinces.

It was a fighting speech, declaring that already there had been misrepresentation of his position on old age pensions, the Prime Minister summarized the government's accomplishments in this regard.

### Attempt to Set Plane Record

At noon to-day John Hunter, left, and Kenneth Hunter, his brother, were faced with the task of keeping their monoplane, the City of Chicago, flying above Chicago for thirty hours more to beat the world endurance record of the St. Louis Robin, 429 hours. The plane had become difficult to handle, due to a leak in the gasoline tank in the left wing, which, sky harbor attaches said, made it heavier on that side.

### OCEAN FLIERS WELCOMED IN NEW YORK

Kingsford-Smith and Companions Central Figures in Big Parade  
Chicago, June 27.—Almon E. Roth, Vice Mayor, today was named president of Rotary International as the result of election yesterday in which he defeated Raymond J. Knapp, New York City. The vote was 2,316 to 1,118.

### NEW LIBRARY IS STRONGLY FAVORED HERE

City Seeks to Dispose of Present Structure Before Making Plans for New Building  
The overcrowded state of the Carnegie Library is a question that is occupying the attention of the city fathers.

Sooner or later, Victoria will have to have a new public library. The whole question has now reached a point leading to the disposal of the existing Carnegie Library building at the intersection of Yates and Blanshard Streets.

If the city can find a purchaser for the present inadequate building, with the approval of the library board and the Carnegie Trust, steps will then be taken leading to the erection of a modern library building on a central site.

Plans for the extension of the present building have all been ruled out by the library board.

From inquiries made at the City Hall it would seem that there is a preponderance of sentiment in favor of a new library structure of sufficient size to take care of the needs of the reading public for many years to come.

**HOPELESSLY INADEQUATE**  
The building now in use is hopelessly inadequate, and falls to fill the purpose for which it was designed. There is no room for the shelving of books and the overcrowding of the reading space is daily subjected to adverse comment.

People are in the habit of sitting on window ledges when engrossed by the gripping details of a popular novel or a daily newspaper.

In the rush period the staff is greatly inconvenienced by the conditions that exist in the overcrowded building.

### UPSET SEEN AT MEETING OF THE H.B. CO.

London, June 27.—There were stormy scenes at the meeting of the Hudson's Bay Company here to-day, criticism being directed against the governors and members of the committee. Charles L. Nordon complained about the accounts and said: "We want a governor—free from outside entanglements."

John Keston thought "the company would never get right until the management was domiciled in Canada instead of London."

The resolution to adopt the report and accounts was lost on a show of hands, whereupon the chairman demanded a poll, announcement of the result of which is awaited.

### Kershaw Found Guilty By Jury In Twenty Minutes

John Kershaw was found guilty on a theft charge by an assize jury this afternoon. The jury was out twenty minutes, returning the verdict at 3.45 o'clock. Kershaw is being held for sentence.

### COUNSEL GIVE KERSHAW JURY KEEN REVIEWS

Miss Vaughan Collapses When Defence Counsel Criticizes Her Conduct

Addresses by counsel occupied this morning's session of the trial of John Kershaw for theft of \$770 and cheques from the Sisters of St. Ann, now in its third day before Mr. Justice Gregory and an assize jury.

M. B. Jackson, K.C., defence counsel, spoke for more than an hour and a half, and A. M. Johnson, K.C., concluded the presentation by the Crown at 1.15 o'clock. His Lordship remarked that he objected to charging hungry jurymen who would be unable to give full attention to direction and ordered Sheriff Goggin to serve lunch to the jury in the courthouse, the proceedings to be resumed at 2.30 o'clock.

Mr. Jackson warned the jury to confine its attention to the question of theft of money, the moral or immoral acts of the accused having nothing to do with the case. He pointed out that Rita Vaughan stole the money, but under the law anyone connected with the theft became a principal. In his opinion Miss Vaughan and John Kershaw should have been tried together, in which case the Crown could not have used the girl's evidence.

**LOADS DICK**  
"This case has been loaded against the accused Kershaw," Mr. Jackson said. "Vaughan has been tried, she is not yet free; if she does not make the charge stick she is liable to come up again. You jurymen are here to vindicate John Kershaw because every accused person is presumed innocent until proven guilty. Had the accused been guilty he would not have paraded through the streets and stores of the city for the afternoon, evening and morning preceding his airplane trip to Vancouver."

The evidence of Mrs. Kershaw as to the presence of the accused in his own home on May 8, the day before the theft, was cited as disproving the evidence of Mrs. Vaughan and the witness Sneddon. He declared new evidence given by Miss Vaughan to be "mere fragments weaved into her story."

### BIG BLUNDER IN NEW LAW UNCOVERED

Saanich Endorses Kamloops Move to Remedy Faulty Legislation

"A straight 'put-over' was the term yesterday evening applied by the Saanich Council to an amendment to the Municipal Act, made by the Legislature last spring, whereby railways are relieved of tremendous sums in municipal taxes."

The council endorsed the principle of a resolution from Kamloops City Council, which pointed out to the Provincial Government the situation, which will cost Saanich \$1,600 and Kamloops \$6,840 annually, and impose similar or greater losses on all the other cities and municipalities of British Columbia.

The situation discovered by Kamloops was created when the Legislature enacted that taxes should be levied by municipalities on the basis of single track within municipal areas. The intent was to add taxes on trackage to the revenue from right-of-way levies. The railways contested the added impost.

As actually enacted, the new subsection provided that the assessment should include the assessment on the right-of-way upon which the tracks are laid.

The Legislature submitted by the Union of B.C. Municipalities had called for assessment of tracks on privately-owned rights of way separately, and in addition to the assessment on the land.

The Kamloops Council has petitioned the Government to approach the railway companies for an agreement to waive the matter and agree to the existing system being temporarily continued. Failing such agreement the government is urged to arrange for an early session of the Legislature, if possible, this fall, to amend the law before the municipal assessment rolls are confirmed.

### DISASTER IN ST. LAWRENCE INVESTIGATED

Inquest Follows Drill-boat Explosion That Killed Thirty Workmen

Only Twelve of Crew Working at Thousand Islands Were Saved

By Jack Hambleton, Canadian Press Staff Correspondent  
Brookville, Ont., June 27.—Thirty men met instant death last night when the drill boat J. P. King, operating over a dynamite-laden shoal, was struck by a bolt of lightning and completely wrecked.

Tangled in the wreckage of the hull, the bodies are believed impaled, and to-day divers are at work.

Of a crew of forty-two men, only twelve survived the terrific explosion, which scattered remnants of the vessel, largest of its type in Canada, far and wide over the broad St. Lawrence.

Until early to-day, wreckers worked in the tangled mass of twisted steel in an effort to recover the bodies, and long after midnight hope was practically abandoned that any more survivors would be found.

One body, that of Reuben Arnold, had been recovered.

Those listed as missing and believed dead, are: John Joseph and Fred Krulick, brothers, Montreal.

Marion and Sam Polich, brothers, Chippewa, Ont.

William and Merrill Hamblin, brothers, Humboldt, Ont.

Joseph Bokorovic, Montreal.

B. Borkland, Montreal.

Alex Brown, East Jeddore, Nova Scotia.

### Floods Cause Accidents On C.N.R. Lines North of Georgian Bay; Cars of Confederation Express, Vancouver To Toronto, Fall Into River; Fireman and Six Unidentified Trespassers Lose Lives In Freight Train Wreck On Other Line.

### HE IS TRYING TO RID CHICAGO OF ITS GANGSTERS

Canadian Press  
Toronto, June 27.—Floods within an area of twenty miles in the district of Sudbury and Capreol took a death-toll of eleven lives in three train wrecks on the Canadian National Railway line last night, according to an official statement issued here at noon to-day.

Four children were drowned when the colonist and day coaches of Train No. 4, bound from Winnipeg to Toronto, were partly submerged in the Vermilion River when seven of the train's nine cars were derailed.

**FIREMAN LOSES LIFE**  
Fireman of freight train No. 440, from North Bay, Ontario, was fatally injured when the train ran into a washout sixteen miles east of Capreol, and the bodies of six trespassers, presumably riding on the freight train, were found near the scene of this accident.

Train No. 3, from Toronto to Winnipeg, also was derailed near Capreol, but nobody was injured.

Twenty-one persons suffered from injuries or shock in the derailment of Train No. 4, while the engineer of Freight Train No. 49 also was injured.

The following children were reported drowned:  
Helen Nedderburn, aged three, traveling with her mother, Mrs. A. Nedderburn, who was injured. They were traveling from Saskatoon to Toronto.

Clayey Bruster, aged seven months, child of Mr. and Mrs. George B. Bruster, who are suffering from shock. They were traveling from Easas to Sturgeon Falls, Ont.

Lenore Gilbert, aged seven years, and Arthur Gilbert, aged four years, children of Mr. and Mrs. P. T. Gilbert, Mount, Sask., who apparently were injured.

McLeod was the name of the fireman of Train No. 40 who was fatally injured. The bodies of the six trespassers have not been located.

Train No. 4 is known as the Confederation. It runs from Vancouver to Toronto.

**LIST OF INJURED**  
Persons who were aboard train No. 4, and who were slightly injured or are suffering from shock, are:  
George B. Bruster and wife, Easas to Sturgeon Falls, Ont.

Mrs. Albert Crawford, Sarnia, Ont.

Mrs. J. B. Davey, Carberry, Man.

W. G. Hamilton, Brandon, Man.

Sam Lebovic, Foleyet to Sudbury, Ont.

William Ray, Bashaw to Detroit, Mich.

K. W. Kewam, Foleyet to Sudbury, Ont.

E. Hamilton, conductor, Toronto.

W. H. Pourpore, Ogama to Sudbury, Ont.

Mrs. N. J. Sagadore, Port Arthur to Pembroke, Ont.

J. H. Dikens, Stormaway to Oxford Junction, Ont.

Mrs. A. C. McDowell, Auckland, New Zealand, to Toronto.

Miss Lillian Landman, The Pas, Man., to Cardiff, Eng.

Mrs. Dr. P. Royal, Lorette to Montreal.

Mrs. M. A. Nedderburn, Saskatoon to Toronto.

Mrs. C. Doty and Rupert, aged thirteen, Regina to Hull, Eng.

Mrs. W. Denton, Eden to Port Elgin, Ont.

Mrs. W. Bennett, Calgary to Toronto.

Engineer J. McDonald was pinned underneath the wreckage of the locomotive of train No. 491, and seriously injured.

The cause of the derailment of the Confederation train No. 4, according to an official statement issued by W. A. Kingland, general manager of the central-region of the Canadian National Railway, has not yet been definitely determined, but it is thought to have been due to the high water conditions which prevailed last night in the district surrounding Capreol.

The derailment occurred at 10.30 p.m. The four miles west of Capreol. At that point the track parallels the Vermilion River.

The engineer ran his engine, which had not been derailed, to Capreol, where he reported the accident, and a relief train carrying the superintendent and assistant superintendent, two physicians, and all available nurses and employees with first-aid experience was dispatched to the scene.

**ENGLISH ELEVEN SCORES 405 RUNS FOR NINE WICKETS**  
London, June 27.—It was a fine innings marked by heavy hitting, the English team to-day compiled 405 runs for nine wickets in the second cricket test match with Australia at Lord's. The batting was opened by the English side, Prince Duple, the noted former Cambridge and Sussex player, scored a century, and then joined the small coterie of great batsmen, who have got into three figures in their first match against Australia.

The Duke of York watched the game to-day and the players were introduced to him. Premier Ramsay MacDonald lunched with the team and saw a part of the batting.

## KERSHAW PUTS ALIBI BEFORE ASSIZE JURY

Accused Takes Witness Stand in Assize Trial on Theft

Vaughan Evidence Attributed to Antipathy Aroused by Ill-treatment, He Says

Asserting that Miss Rita Vaughan had given perjured evidence as an outcome of an antipathy created by ill-treatment, John Kershaw yesterday afternoon took the witness stand and entered a total denial of complicity in theft of \$770 and cheques from the Sisters of St. Ann on May 9, as charged before Mr. Justice Gregory and an Assize Jury. The hearing opened on Wednesday morning, with A. M. Johnson, K.C., as Crown prosecutor, and M. B. Jackson, K.C., for the defence.

Kershaw said he had known Rita Vaughan for five years. He had been closely associated with her for three months, when a violent quarrel arose. In December 1929 he was employed in the Navy Yard. Being idle in January he drove his sister's car on wages, as chauffeur to his brother-in-law. He had been a member of the Provincial Police at Princeton and Golden. He had failed in efforts to get back on the force, giving up hopes three weeks before May 9. He had gone to the office of Hon. E. H. Pooley on May 9, had met Mrs. Monteith and had been told all possible had been done regarding his re-employment application. Kershaw told of writing a letter of thanks to Mr. Pooley, doing so because he was leaving town. He had not had any pre-arranged appointment, leaving the Bulletin's news, Mr. McPadden and told him he would be leaving town.

Kershaw told of resuming intimate association with Miss Vaughan until he joined the Provincial Police. "I then had quite a talk with her, told her we had better call it off, in other words, I was ashamed of myself," he said.

After four months in the Police he returned to Victoria and again became a taxi driver. For months afterwards he did not see Miss Vaughan, but met her when he hired to move her into a new apartment. Thereafter he saw her infrequently, she being ill at the time. The witness made a trip to Vancouver to ascertain why Miss Vaughan's people did not help her and saw her father. The court ruled the particulars unnecessary.

"On coming back to Victoria in March I did not see Miss Vaughan for two or three weeks. Knowing she had been ill I called at the hospital just to say hello.

"Miss Vaughan telephoned my house asking when I was going to see her. The next day we had lunch. That would be about March 25.

Three weeks prior to May 9 I told Miss Vaughan I was going to leave Victoria. It was then she told me I could not leave. I asked why and she said 'I will not let you.' She inferred that if I left Victoria my wife would hear of our affairs during five years. Then Miss Vaughan repeatedly named my house making appointments. I met her at her apartment and on the way from the hospital. In the three weeks I met her about seven times. We talked things over, but without avail. The answer was, I must not

leave Victoria. At the time things at home were very difficult. Counsel—Were you on good terms with your wife?  
Witness—Not very good.

Kershaw said he appealed on a number of occasions to his sister, Mrs. Smalley for money, telling of the unpleasant condition in his home. "I told her I would soon be needing that money, which was coming to me," he said.

On the evening of May 8, at the home of his parents, Mrs. Smalley had given him \$500.

He corroborated other witnesses regarding movements on May 9 and told of flying to Vancouver and leaving that night by boat to Seattle after buying a ticket to San Francisco for the steamer Emma Alexander. He called from Seattle as planned.

The witness told of fruitless efforts in California to secure work in his own name, returning by steamer to Seattle under the name Sherwood.

By appointment he called at the Olympic Hotel on May 24 and found nothing from his sister. "On May 25 the clerk asked me if I was John Smalley. I asked 'What if I am?' whereupon the clerk said 'You'd better beat it, you're wanted for a bank robbery in Victoria.' I thought he was joking, but I went and packed my bag, took passage in my own name on the steamer Iniquity to Victoria. I was not tackled on the matter, though I waved to taxi drivers who knew me."

He told of surrendering to the police on May 27 after hearing a garbled version of the case for the purpose of retaining counsel. He then had about \$70 remaining in his possession. The witness denied being in the apartment on May 9, but admitted he told of a quarrel on May 1, which resulted in his taking away his photographs.

On cross-examination Kershaw reviewed his connection with the Provincial Police and admitted having instituted his first efforts to secure re-employment two and a half years later. He challenged the official record of his service but later admitted its verity having four and one-half months service, of which three months was as probationer.

He had since posed as a police officer "in a queer way" admitting conversations with a Captain Harris on March 4. The accuracy of a letter on re-employment, addressed to Mr. Pooley, being inquired into, the witness admitted statements regarding an employment were "very vague."

He admitted holding ill-will towards certain Provincial Police officers, and would hold a grievance against them until he was acquitted.

Kershaw denied that he arrived at Mr. Pooley's office after noon on May 9. He denied having turned up Belleville Street towards Douglas Street as testified by the witness Sneddon.

**ADMITTED RELATIONS**  
"Did or did you not ruin that girl?" asked Mr. Johnson, the Crown prosecutor. "If you put it that way I suppose I did."

The Crown—"How much money did you give her?"  
Kershaw—"Well, in rides, meals and medicine."

Counsel—"How much money in cash?" No answer was given.

Kershaw admitted having received \$50 from Miss Vaughan, but denied other cash gifts. Asked why the girl should perjure herself he attributed it to antipathy created by the way he had treated her.

Mr. Johnson—"Did you tell her you were going to make a call on Mr. Pooley as an alibi?"

Kershaw—"I did not say alibi, but she knew I was going to see Mr. Pooley."

**GUEST AT EMPRESS**  
The witness said he had stayed at the Empress Hotel on the night of May 9, that being the last place where his wife would think of looking for him. He had been ashamed to go home, Miss Vaughan having threatened that she would go to his wife and tell her they had been living together for five years, which was untrue. She was a waitress at the Empress Hotel, which he had no cause to do.

Alleges he had used when away from Victoria were Smalley and Sherwood, names of the two first real chances of avoiding United States immigration trouble.

The alias John Collins, used in taking passage by airplane to Vancouver had been accidental, he said. To avoid his wife when in Vancouver he changed his alias to Sherwood, using that name to take a berth on the steamer Emma Alexander from Seattle. He had not boarded the vessel in Victoria because he had not been certain whether he would travel by rail or boat.

At the suggestion of the Court Mr. Johnson took the witness through his expenditures in a few hours of May 9 and 10. Including a sweepstakes ticket, hire of a "drive-yourself" car, clothes, meals, airplane and steamer fares, the amount was more than \$140, the Court being assured his resources were only the \$500 received from Mrs. Smalley.

Kershaw said Sneddon might have seen him nine times in three weeks at Miss Vaughan's apartment, preceding the robbery and that between May 1 and 8 he had met Miss Vaughan at mid-day in a vacant lot four times at most. He had met her there in April a number of times, but knew nothing of her having deposit money hidden in her sleeve.

Counsel—"I am going to put this question to you and then stop. If you did not get that money, who did?"  
Kershaw—"I do not know, I wish I did."

The Court—"You had \$500 when you started South, that was all you had?"  
"Yes." His Lordship reviewed the expenditures and remarked "You were going to California to look for work. Don't you think that was imprudent?" The witness pointed out he had had no new clothes for eighteen months.

Walter McPadden on the witness stand said he had known the accused Kershaw for six years. On May 8 he telephoned Kershaw's residence making an appointment between 11 and 11.30 o'clock on May 9 at a hotel. The appointment was kept and the two men walked to Government Street where they separated before noon, to

meet again after accused had been to interview the Attorney-General. The time was fixed at twelve minutes to noon, by reason of the witness being in a brokerage office at ten minutes to the hour.

At 12.40 he again met the accused for a few minutes near the Parliament Buildings, replying to Mr. Johnson, the witness estimated seven minutes would be required to walk from the point of separation to the intersection of Humboldt Street. When he met accused the second time Kershaw had said the witness would hear from him in a few days, but had not done so.

**TIME FACTOR**  
Frederick Rutledge saw the accused on June 9 at three minutes before noon by the clock in the waiting room of Hon. Mr. Pooley at the Parliament Buildings. About half an hour later he saw accused in one of the halls of the buildings.

Mr. Johnson asked the witness if he was aware that there was no clock in Mr. Pooley's waiting room and Mr. Rutledge said if he had not seen a clock he had looked at his watch. "I know it was just about that time when Kershaw came in," he asserted.

Mr. Justice Gregory asked the witness as to the accuracy of his watch and Rutledge compared it with the watch of the audience. He then admitted that Kershaw might have entered the room after noon.

The judge commented upon the lack of business discussion between the witness McPadden and the accused, at meetings which had taken place before and after the visit to Mr. Pooley. "Can you imagine a better way to set up an alibi than this course you took?"

Regarded accused as counsel, protesting against the severity of the cross-examination from the bench.

His Lordship commented that upon leaving Victoria, accused had not gone to direct to police headquarters. Instead he had gone to a small candy store and then sought counsel. Kershaw said he realized he was "in a jam."

Mrs. Kittle Smalley, recalled by His Lordship, said she had an emergency fund of \$35 in her trunk, and gave it all but \$25 to her brother. She had not gone to the bank for cash to replace the emergency fund.

The witness had not told her father of her whereabouts. The Court adjourned at 6 o'clock.

**Happy Remedy**  
"Doctor, I can't sleep."  
"Drink a glass of whisky ever half hour throughout the night."  
"Will that make me sleep?"  
"I don't know, but it will make the time pass more pleasantly." (Adv.)

## AT THE THEATRES

### NEW YORK SOCIETY FORMS BACKGROUND FOR COLISEUM FILM

Society and New York's "Tin Pan Alley" are contrasted in Metro-Goldwyn Mayer's new musical film, "Children of Pleasure," which is now showing at the Coliseum Theatre. The picture depicts the romance of Danny Regan, Broadway song writer, with Patricia Thayer, heiress of the Thayer oil millions. While Danny is courting the frivolous Pat, his secretary, Emma Gray who is in love with him, is trying to keep her heart from breaking.

### ANN PENNINGTON IS BEAUTIFULLY CROWNED IN COLUMBIA PICTURE

Though they seldom require much material the stage costumes of Ann Pennington, dancing darling, are always a delight to the eye, and they are always designed by Miss Pennington herself. She is seen in a new way in her first real chance on the old Bennett lot. Story, action and business were all made up on the set at that time—one no one had ever heard of continuities.

### PIONEER ACTOR HAS LEADING ROLE HERE IN MYSTERY DRAMA

Raymond Hatton, now appearing in "Murder on the Roof," the Columbia all-talking mystery thriller, at the Fathom Theatre, is one of the few pioneer motion picture actors now before the public. Hatton came to Hollywood between fifteen and twenty years ago, and got his first real chance on the old Bennett lot. Story, action and business were all made up on the set at that time—one no one had ever heard of continuities.

### LONDON ACCLAIMED GEORGE ARLISS IN "THE GREEN GODDESS"

George Arliss came to North America from England in 1901 to play four months. He stayed for twenty years without ever playing in his native country during that time, and made himself the dean of the American stage star system. His return to England was with the play, "The Green Goddess," which had been universally popular in America and which proved to be equally popular in England. Now he has made that same play into a sumptuously staged Vitaphone picture.

## Stephen G. Porter, U.S. Congressman, Dies in Pittsburgh

Pittsburgh, June 27.—Representative Stephen G. Porter, chairman of the House foreign relations committee and internationally known figure in diplomatic circles, died in the Allegheny General Hospital at 2 a.m. to-day. He was sixty-one years old.

Only the members of the family were at the bedside when the end came. Death was due to cirrhosis of the liver. He had been a patient at the hospital since June 11, when he was brought here from Washington.

## Gas On Stomach Is Dangerous

TELLS HOW TO STOP IT

Gas, Pain, Bloating and a feeling of fullness after eating are almost certain evidence of excessive hydrochloric acid in the stomach.

Too much acid irritates the delicate stomach lining, frequently causing Gastritis and dangerous Ulcers. Food ferments and sours, forming a gas that distends the stomach and often seriously affects the heart.

It is genuine folly to neglect such a condition or to treat with artificial digestive aids that cannot neutralize the stomach acid. A better way is to get from any reliable drug store some Blasted Magnesia (powder or tablets) and take a little in water after each meal. Blasted Magnesia will stop the worst gas attack quickly and without embarrassment. Taken right after eating, it prevents formation of gas and acids so there is no sourness, bloating or pain. Pleasant and perfectly harmless to use—Blasted Magnesia does give wonderful relief in nine out of ten cases. Ask your Doctor or Druggist. Try it to-day.

## FORMER U.S. SENATOR PRAISES NEW SARGON

Hon. Thomas W. Hardwick, United States Senator for Six Years, Says Sargon Relieved Him of Troubles of Many Years Standing.

Sargon is rapidly becoming a household word throughout North America. Thousands of grateful men and women from all walks of life, who have been lifted out of the throes of lost vitality, suffering and inefficiency into the joy and vigor of exuberant health by its use, have voluntarily made public their gratitude to the famous medicine. Among the number is former U.S. Senator Thomas W. Hardwick, who served his state for six years in the Upper House of Congress.

In relating his experience with Sargon, he said:

"The arduous duties incident to public life are a greater drain on one's physical resources than most people realize. In my own case, I had reached a low ebb physically and found it necessary to do something to build up my strength."

"I had lost much of my old-time energy and both mental and physical fatigue came more quickly than formerly. Constipation, especially, had troubled me for the past ten years and I had become accustomed to dosing myself with some physic or laxative every few days. My appetite was not keen and my meals did not seem to agree with me as they should. Sometimes I would feel positively wretched for days at a time. I finally concluded that I needed a good strengthening tonic, something that would restore my physical energies and figuratively speaking, put me back on my feet."

"Sargon was highly recommended to me, and I decided to try it. It appeared to me strongly because of its scientific background. Its effects in my case were most gratifying and it seemed to be just what I needed."

"From the beginning I was conscious of the strengthening, invigorating effects of the medicine. It gave me a splendid appetite. I don't know when I have enjoyed my meals more than I do now. I eat with relish and experience no ill or uncomfortable after-effects whatever. Naturally, my capacity for work has increased. I feel more efficient. I have more energy. In fact, I feel that I am in better health than I have been in many years. But most important of all, the necessity for my

almost habitual consumption of laxatives and cathartics has disappeared. I took the Sargon pills as part of the treatment and they impressed me as being a valuable complement to the tonic."

"I have never before endorsed a proprietary medicine and would not now publicly endorse Sargon if it had not brought about a genuine improvement in my physical condition."

Sargon, the revolutionary new medicine, referred to by Senator Hardwick, may be obtained in Victoria and Vancouver from all "C.W.I. Drug Stores" and in New Westminster from the Bews Drug Co. (Adv.)

Port Alberni

Ladysmith

Port Alberni, June 27.—Miss Helen and Mrs. Macdonald, R.N., are spending a holiday at Spruce Lake. Mr. McKenzie, manager of the Bank of Montreal, accompanied by Mrs. McKenzie and daughter, Betty, left on Sunday for the Cardor. They will spend three weeks' vacation at Williams Lake, where they will be the guests of Mrs. McKenzie's parents. Mr. and Mrs. J. B. McIntyre have as their house guest, their daughter, Mrs. Harry Smeltzer, and grand-daughter, Geraldine, who arrived on Saturday from Brooklyn, New York. They will spend the summer vacation in the city.

Mrs. V. Hemming left on Thursday for Victoria, where she will be the guest of her son and daughter-in-law, Mr. and Mrs. Arthur Hemming. Mrs. Hemming accompanied Mr. and Mrs. George Brand on an automobile trip to the Capital City.

Miss "Girle" Johnston, daughter of Major and Mrs. J. C. Johnston, who has completed her studies at Normal School, Vancouver, arrived in the city on Saturday, accompanied by her grandmother, Mrs. Walter McFarlane, a former resident. They will spend the summer here, guests of Major and Mrs. Johnston.

Port Alberni, June 27.—Mrs. J. A. McIntyre and Miss Vivian Miles were the prize winners at the bridge game held at the residence of Mrs. Newell Wright in conjunction with the garden fete arranged for the benefit of the Port Alberni branch of the Red Cross Society Tuesday afternoon, when there was a large and representative attendance of guests from the surrounding district, who participated in the recreation provided for outdoor sports by the convener, Mrs. C. R. Martin, Mrs. A. Fleming and Mrs. J. Beveridge.

Guests playing bridge included Mrs. Harry Carter, Mrs. F. G. Weaver, Mrs. D. B. Kelly, Mrs. J. B. Wood, Mrs. Harry Smeltzer (New York), Mrs. George Forrest, Mrs. E. E. Frost, Miss V. Miles, Mrs. J. A. McIntyre, Mrs. W. J. Pettie, Mrs. E. Marilla, Mrs. M. E. Paul, Mrs. J. McDonald, Mrs. W. C. Anderson, Mrs. E. Parkinson (Vancouver) and Mrs. Arnold Hanna.

Guests who took part in the miniature golf, captained by Mrs. McFarlane, were Mrs. H. R. Hodgson, Rev. Mrs. R. D. Porter, Mrs. Arnold Hanna, Mrs. H. P. Strain, Mrs. E. Frost, Mrs. D. B. Kelly, Mrs. C. A. Manning, Misses Kate Manning, Frances Strain, Betty Fry, Betty and Freda Hilton, Helen Dobie, Kate Manning, Barbara Griffiths, Kathleen Fleming, Velma Donnelly, Doris Fleming, Brenda Smith, M. Orison, Green Tom, Virginia Hanna and Fred Patten, who secured the prize for the lowest score. Winners at roulette were Mrs. W. J. Pettie, Mrs. H. Carter, Mrs. L. Maroon, Miss Helen Dobie and Mrs. J. B. Wood, while Mrs. G. Forrest won the guessing contest for a gigantic fruit cake. Mrs. Colin Wilson was responsible for the artistic display illustrated posters, and the tea tables, with Mrs. S. Meason and Mrs. A. T. Turner supervising culinary details in the kitchen. Mrs. Dawson Turner, with a bevy of young ladies, attended to the requirements of the guests at the tea hour. Among the latter were noticed Rev. and Mrs. R. A. Redman, Mrs. D. Allen Robertson, Mrs. C. McFarlane, Mrs. Floyd Ryle, Mrs. U. Foster, Mrs. J. A. McKinnell, Mrs. Don McCall, Mrs. F. C. Bacon, Mrs. G. Shear, Mrs. E. E. Frost, Mrs. W. E. Evans, Mrs. M. L. Procter, Mrs. E. Hill of Vancouver, Mrs. M. Clarke, Mrs. Forsyth, Mrs. Murdoch Campbell, Mrs. E. Goodall, Mrs. G. Donnelly, Mrs. E. J. Crook, Mrs. W. G. Piggott, Mrs. C. E. Cook, Mrs. E. Clelland, Mrs. Harry Duncan, Mrs. H. Murray, Mrs. S. O. Harries, Mrs. I. Harris, Mrs. N. Goughly, Mrs. G. H. Renwick, Mrs. J. Welsch, Mrs. Jack Woodford, Mrs. E. Kowalschuk, Mrs. R. Larson, Mrs. W. Anderson, Mrs. A. W. Nell, Mrs. Ernest Eddy, Mrs. Mary Grierson, Mrs. G. Stocker, Mrs. C. A. McNaughton, Mrs. E. Holmes, Mrs. Fred Robinson, Mrs. Cyril Marshall, Mrs. A. C. Macle, Rev. and Mrs. R. D. Porter, Mrs. J. A. McIntyre, Misses Betty and Freda Hilton, Bernice Manning, Verna Procter, Dr. A. R. Wilson and Fred Patten.

From an artistic, social and financial angle the affair was pronounced an unqualified success, and one of the most outstanding events on the social calendar, netting a substantial sum for public health activities.

Mrs. D. B. Kelly was the winner of the cup donated by Mrs. M. M. McKenzie to the Ladies' West Coast Golf Club, when the final match for the trophy was played on Tuesday morning, beating the runner-up, Mrs. C. McFarlane, captain of the club.

After spending a few days here, the guest of her sister and brother-in-law, Mr. and Mrs. H. E. Murray, Mrs. J. Broughton Smith, with small daughter, Betty, returned to her home at Sandwich on Monday.

Mr. and Mrs. J. M. Mowatt were bridge hosts at their home Wednesday evening when they entertained with three tables. The guests included Mr. and Mrs. G. H. Renwick, Mr. and Mrs. A. H. West, Captain and Mrs. C. McFarlane, Mr. and Mrs. H. Murray, Mr. and Mrs. D. W. Hastie, Miss Helen Dobie, Dr. A. R. Wilson and Don Deacon.

Cumberland, June 26.—A quiet but pretty June wedding was celebrated last Saturday evening at the United Church Manse when Rev. J. B. Hewitt united in marriage, Helen Hunter, youngest daughter of Mr. and Mrs. Sam Cameron, of Cumberland, and Robert, youngest son of Andrew Aitken and the late Mrs. Aitken of Bevan.

For the ceremony the bride chose an ensemble of beige, coat, hat and shoes in matching shades and printed silk frock in harmonizing colorings. Mrs. Jane Wheeler, of Nanaimo, sister of the bride, was her only attendant. She wore a pretty money blue crepe de Chine frock, a blue coat and lawn hat. The bride carried a bouquet of white, red and pink flowers.

Colin Aitken, brother of the groom, performed the duties of best man.

Following the ceremony a reception was held at the home of Mr. and Mrs. Sam Cameron on Derwent Avenue, at which only immediate friends and relatives were present. Masses of summer flowers were effectively used as the only decoration and the supper table was centred with a handsome three-piece wedding cake.

Mr. and Mrs. Aitken left the same evening for Nanaimo, en route to Vancouver and other coast cities, and on their return will make their home in Cumberland.

Out-of-town guests at the wedding were Mr. and Mrs. Dave Aitken, of Camp 3, and Mr. and Mrs. Wheeler, of Nanaimo.

A ladies' team and gentlemen's team journeyed to South Vancouver Saturday to play the South Vancouver Club. The visiting ladies put up a good game, but were defeated by the home ladies. The men lost out by two points after a very close game.

On Tuesday evening on the local green, R. Good's rink won the Queen's Cup. Options from A. Honeyman's team, 15-17.

Following is the draw for the third round of the Sloan Cup: J. McKinnell vs. H. Knowles, R. Gray vs. J. Dixon, W. Storie vs. J. White, C. C. Macle vs. C. Gillfillan, A. Baker vs. R. Good, Bailey or White vs. Bennett, W. Barrie vs. A. Honeyman, G. Evans vs. J. Robertson.

The regular meeting of the Red Cross Society was held Tuesday in the office of the president, V. B. Harrison. Arrangements were completed for the entertaining of the Esquimaux Hospital patients' picnic, which will be held here on July 9. A letter was received from the Vancouver branch stating that they would arrange transportation of the patients to Nanaimo. The Canadian Legion will have charge of the lightening transportation. Miss J. Miller Brown expressed her thanks at being made a life member of the society.

The funeral of the late Mrs. R. St. Clair took place Tuesday from the Jenkins undertaking parlors. Favorite hymns were sung. Mrs. McCourt presided at the organ, with the Rev. John McCourt officiating at the chapel and graveside.

On July 2 a smoker and banquet will be held under the auspices of the Mid-Island Football Association in the St. John's Ambulance Hall, when the presentation of cups and medals will be made to the various winners of last season.

### Liberal Candidate Challenges Opponent To Hold Debates

Winnipeg, June 27.—J. T. Thomson, Federal Liberal candidate in South Centre Winnipeg, which he represented in the last House of Commons, has issued a challenge to his Conservative opponent, H. Kennedy, for a series of public debates at which the major issues before the electorate could be discussed. In a letter to Mr. Kennedy, which also was given to the press, Mr. Thomson suggested they debate in turn the unemployment problem, the record of the King administration and the fiscal policy of the present government and the attitude of the Conservative Party toward it.

## WELL DONE, SOUTHERN CROSS

WHEN CAPTAIN KINGSFORD-SMITH announced that he proposed to fly across the North Atlantic from the Old World to the New, the opinion was general that he would succeed where so many have failed—and do better even than the Bremen did, which, it will be remembered, just managed to reach Greenland Island, Labrador, as it made a forced landing. Although the gallant Australian and his three comrades were forced by unexpected circumstances to call at Harbor Grace in Newfoundland instead of flying direct from Ireland to New York, the voyage of the Southern Cross over this east-to-west Atlantic route must be considered a new and outstanding triumph.

Captain Kingsford-Smith is under no misapprehension about the commercial possibilities of passenger travel across the Atlantic with the use of the heavier-than-air machine. The most difficult journey has been made twice by experienced aviators; there were no passengers aboard either the Bremen or the Southern Cross. Several airplanes have started from this side and reached the other safely since Alcock and Brown made their great pioneering flight eleven years ago. Some have started, as have several from the Old World, only to disappear and to be heard from no more. Hence, as Captain Kingsford-Smith reminds us, at present all such flights must be classed more or less as "stunts."

This experienced airman, however, predicts that in the not very distant future the type of machine with which he is so familiar will be utilized for transatlantic passenger service. Nor will it do to scoff at the suggestion. The airplane of to-day is such a vastly different contrivance from that of even ten years ago, its mechanism and structural details improved to such an extent that notable feats already performed may be surpassed before many months have gone. Meanwhile, of course, flights over large expanses of water will remain in the experimental stage. Apart from all this speculation, on the other hand, we may pause to take off our hats to Captain Kingsford-Smith and his gallant companions—by no means forgetting special mention of the man who kept the world in touch with the movements of the airplane by radio.

## A MAN OF THE PEOPLE

OF LATE YEARS FRANCE HAS SUPPLIED the most interesting chapters of current biography. We have had Clemenceau's ruthless summing up of life, Foch's views on the war and on Clemenceau, as conveyed to a journalistic friend; and then Clemenceau's thundering retort, which was the last utterance of this unconquerable old pagan. Poincaré, too, has written his memoirs with characteristic thoroughness. But of Briand, the fourth great figure in French affairs, we have heard extraordinarily little, apart from his public acts, which are seldom off the first pages of the newspapers. A new biography of Briand, just published by Valentine Thomson, one of his friends, is thus particularly interesting; and after the lives of three men of war, it is a refreshing contrast to read of a man of peace.

When history finally writes its verdict on our times undoubtedly it will play some strange tricks with our estimates of men and events, just as we have altered the estimates of previous generations. Foch, Clemenceau and Poincaré, the three Frenchmen who, above all others, won the war for their country, must always remain great figures in French annals. But it may well be that history will say that Briand, in winning peace, did something even more difficult for humanity at large.

The new biography, written by one who has been intimate with Briand for a long time, shows that this desire for peace is not a new thing with the French Foreign Minister, nor actuated by any political motive. Even in the first days of the war, when his country was burning with hatred against Germany, Briand said: "The great thing to do would be to create a new Europe where such aggressions would be impossible—the important thing would be to create a meeting-ground for nations." These phrases sound familiar now, twelve years after the war, but in those times few would have understood them, for battle appeared to be the only way to settle the problems of civilization. They show that Briand's mind was working long ago on the scheme of European federation and pacification, which lately he has given to the world. They indicate also why he has devoted post-war years, not to revenge or preparation for further hostilities, which were the chief concerns of many of his colleagues, but to the work of putting Europe on its feet. All the chaos and ceaseless change in French politics were insufficient to overwhelm this homely apostle of peace. Cabinets could come and cabinets could go, but he remained a kind of perpetual French Foreign Minister. One figure after another appeared in other countries to lead them for a while and then disappear, but Briand remained, a force to whom not only France, but the peace-lovers of the world came to depend upon as their friend.

What is the secret of Briand's unique place in our times? The biography in question seems to settle the point by showing Briand for what he essentially is—a man of the people. He hates war because he knows that in the long run the people always suffer from it. At heart he is a French farmer, and as a French farmer he knows what desolation marching armies can bring to a prosperous countryside. "And as a man of the people he knows that the people everywhere, in Germany as well as in his own country, always lose by war, even if their countries seem to win. Where Woodrow Wilson failed, because he could not deal with ordinary men, Briand is succeeding because he deals with men as ordinary men himself. His kind of statescraft is the only kind which offers real security for Europe—and the world—in the future."

## MR. O'HALLORAN THE LOGICAL MAN

IT MUST NOW BE APPARENT TO THE electors of the federal riding of Nanaimo that by continuing to send a member of the Conservative opposition to represent them at Ottawa they are neglecting their own interests. Mr. Dickie has told them, of course, that in the event of Mr. Bennett being chosen to form the next government, it might even be necessary to get rid of capable public servants to make room for good Conservatives. And, in a written statement to the newspaper last August, this is how he defended his party's policy:

"When our party gets in power, if I am your member, I will at once consult with the various executives of this large constituency: will obtain and assemble their views, and bring my best judgment to bear on them; for most certainly the views of those who have borne the burden and heat of the day when we were out of power should be accorded every consideration. In this way a perfect machine could be built up and it might be found necessary, as with a ship in distress, to jettison otherwise valuable cargo."

It is not unreasonable to suggest that even the most hardened Conservative in the Nanaimo riding considers Mr. Dickie's attitude towards men and women who are capably serving this country is one which it becomes a member of Parliament. Apart from the extreme partisanship reflected in his statement—first made at last year's Conservative picnic at Esquimalt—Mr. Dickie does not appear to have given that attention to an important riding to which it most assuredly is entitled.

In contrast with this seeming lack of interest on the part of its former member is the interest which Mr. C. H. O'Halloran, who again is opposing Mr. Dickie, has manifested in the affairs of the constituency during the last four years. We doubt if any candidate in this or any other province has familiarized himself more thoroughly with the needs of the people for whose suffrage he is asking than the Liberal candidate in the federal riding of Nanaimo. When the votes are counted on July 28 it should be he, not Mr. Dickie, who will receive the applause as victor.

## LET MONEY CIRCULATE

AS WILL HAVE BEEN OBSERVED IN the advertising columns of this newspaper recently, a number of well-known commercial institutions have displayed a noteworthy enterprising spirit in reminding the public at large that this is the time to keep money in circulation—which means, by implication, that when business appears to show signs of slackness, an effective remedy is to be found in an energetic advertising campaign.

In this connection, Mr. Roger Babson, the noted American economist and business expert, says: "It is interesting to speculate upon what the census statistics will tell us" (the United States) "about advertising as a force in American business." He suggests, for the purpose of illustration, that the statistics for 1930 now being compiled will indicate that the republic has a market that is increasing at the rate of 7,000 new customers a day. The point he emphasizes, of course, is that there are 7,000 new people every day to whom the salesman should talk. Consequently, in his opinion, it is necessary for those with commodities to sell to start all over again every day, and tell their own particular story as far as it relates to their products. "It has always seemed to me," Mr. Babson concludes, "that this is the greatest argument in the world for ceaseless advertising."

It is axiomatic of modern business methods, of course, that the merchant who neglects to advertise, or uses newspaper publicity only in a perfunctory manner, suffers in the shape of smaller financial returns. And not only does he suffer, but his lack of enterprise is to some extent responsible for the slowing up of the general circulation of money. And, as one of the advertisements which recently appeared in this newspaper very properly pointed out, "it is the massed effect of the day-to-day expenditures of the individual that keeps money circulating and the wheels of business turning."

## THE IRONY OF FATE

WHEN FATE IS WHIMSICAL, IT SEEMS to be whimsical beyond belief. There is the case of one, Henry Bushmeyer, a parachute jumper who made his living by exhibition jumps. On no less than 500 occasions he had dropped from the air without being hurt in the least.

A couple of weeks ago Bushmeyer went up in an airplane with a friend. It was just a pleasure jaunt, no fee to be earned, so he did not wear a parachute. The airplane crashed and he was killed. A parachute no doubt would have saved his life; but he had left it behind. Hence, the man who on 500 occasions had jumped into space, and landed without hurt, went to his death.

There is a queer, ironic twist to this story that almost takes your breath away. Verily are the workings of fate whimsical.

## WHAT OTHER PAPERS SAY

### THE TARIFF WAR

The Chicago News

The significance of the Canadian tariff changes in terms of dollars has been set forth in a special bulletin prepared by the American Department of Commerce. A detailed analysis shows, according to the department, that American trade aggregating about \$200,000,000, will be affected adversely, while British trade amounting roughly to the same total, will be benefitted by the revision. Canada for some years has been the best customer of the United States. In 1929 it imported from this country goods valued at \$948,000,000, although a considerable part of that vast total was intended for export to Great Britain. Surely, to cultivate the friendship of so profitable a customer would be a policy dictated by sound business judgment. Yet a tariff war tacitly has been declared between the two countries.

## A THOUGHT

Then the men feared the Lord exceedingly, and offered a sacrifice unto the Lord, and made vows.—Jonah 1:16.

Fear guides more to their duty than gratitude; for one man who is virtuous from the love of virtue, from the obligation he thinks he lies under to the giver of all, there are 10,000 who are good only from their apprehension of punishment.—Goldsmith.

## "FOLLOW THE BIRDS TO VICTORIA"

To the Editor:—I notice some suggestions as to who created the slogan "Follow the Birds to Victoria." Well, I for one do not know. But I met Mr. R. T. Williams and he asked me about it and I told him that it was I that had first suggested the idea for use. That is, when I ran for Police Commissioner, I had the slogan "Follow the Birds Going North," and I think it was after that that they got this slogan, or "Follow the Birds to Victoria." It was ex-alderman Andrews that gave me the above idea, and I am putting it into print so if there was any mistake made by Mr. R. T. Williams, it was because he misunderstood me and it was my fault for not making it more plain to him. As for Mr. Williams trying to do anything to hurt Mr. J. G. Thompson, I don't think he meant it. I don't think they know one another. As for myself, I am glad to say that I have the pleasure of knowing both of them, and can say that the City of Victoria would be better if they had a few more like them.

So I hope this will clear the air.

## NOT A PARTY MATTER

To the Editor:—It is with some alarm that the populace is brought face to face with a new phase of politics now widely mentioned by many from our public rostrums, and the people of Canada should give pause, before being carried away by the urge to embark on a policy, now endorsed by Mr. R. B. Bennett, opposition leader. He has stated that if elected, he will call a special session at Ottawa to deal with the unemployment question.

Let me say, in the first place, that this is not, should not or ought not, at this time, be a matter of politics, and particularly should not be a base of any controversy in the Federal House. Fundamentally it is wrong, whether viewed socially or economically, and especially it is wrong in a country like Canada, of whose greatness nothing need be said.

Bodily to refuse to give aid to these who are suffering, harsh, yet the fact that certain laws cannot be transgressed remains omnipotent, and just as surely as water seeks its own level, so the fitness must survive. Whether or not, the idea of granting doles and of living on the resources of our better-to-do neighbors comes from the Old Country is not pertinent, yet we have before us, as clear as the sun, the spectre of a charity to persons fit and able to work, and this bulks largely on our horizon. To accept this means the carrying to the nation's bosom, a vampire due eventually to rob us of our much vaunted virulence and our energetic and adventurous spirit.

This cry to aid the unemployed appears and is but a vote-catching scheme, pandering to the weaker inclinations of mankind and baiting the electorate with promises of pap-feed, which finally will discourage desire for labor and to carry on, in fact, is demoralizing to our highest instincts towards the continuance and preservation of life. This policy will eventually leave us, barren of all our resources, both mental and physical.

It may be said that if some have even to starve, it is better that the flesh perish than that our integrity and spiritual outlook be impaired, or undermined by a policy devoid of those higher instincts that make for the uplift of mind and strength of body.

But why a special session? If a pestilence had overcome us, if we had been devastated by fire, flood, storm or war or earthquake, then such a drastic measure might be needed. But a session to devise some scheme, necessarily palatable and bound to have an interest, debating and socializing tendency, is but forcing a canker into the roots of a growing nation not in want of succor, but more in need of a strong mind to enhance its growth, stamina, and fertility.

Do not think this an apology for any lack of support for any movement to ameliorate the condition of those in need by reason of distress, widowhood or orphanage, but to those who are well and strong we can point with pride to our forests, seas and fields with the implication that in these there is abundance for those willing to reach out and take.

A Liberal might in a weak moment hazard such advocacy of this ill-considered policy. The Communist and Socialist can and does so, both in and out of season, but for an ultra-Conservative to do so shows all the earmarks of a lack of real progressiveness and constructiveness, and at the same time a condescension of trying to catch votes by the pandering to the sordid desires of our poor mortals.

## SENTENCED FOR MAIL FRAUDS

New York, June 27.—Charles Beason of the Utah Lead Company was sentenced yesterday to four years in prison for mail fraud in connection with the sale of stock in the company.

Harry H. Phillips, New York and Philadelphia broker, was given a two-year sentence, and Michael Barnett, Philadelphia lawyer, was sentenced to a year and day for their share in the mail frauds, of which they were convicted recently after the first trial had been voided because a juror said he had been bribed to prevent arrival at a verdict.

Beason, alleged leader of the Utah lead group, is under indictment in New Jersey for mail fraud. Federal Judge Knox added to his four-year sentence a five-year probationary period.

## TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, JUNE 27, 1905

Quite a budget of business came up before the meeting of the city council last night. Without a doubt, the most important matters considered were the three loan by-laws for the borrowing of funds for the extension of the electric light system, the construction of another sewer main and another school for Victoria West.

Weather Forecast—Victoria and Vicinity—Light to moderate southerly winds, partly cloudy and with showers to-night or on Wednesday.

"I am more specially pleased with my visit to your city at this time than ever before," Hon. J. L. Williams, the editor of The Coast, a magazine published in the interests of the Pacific Northwest, at Seattle, when asked about his opinion of Victoria. "I observe that there is a feeling of progress of the city and its interests. This means much for the advancement and progress of the city and its interests."

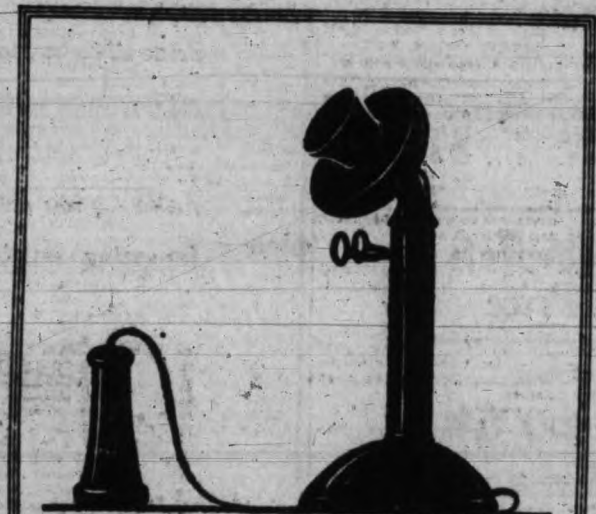

Captain Estvold and six members of the crew of the waterlogged lumber-laden American brig Tanner, who left their vessel off Cape Beale and sought shelter on Vancouver Island, arrived from the West Coast on the steamer Queen City yesterday afternoon.

Ottawa, June 27.—The Victoria, Vancouver and Eastern Railway Bill was again called at the railway committee to-day. This was the sixth day on which the railway bill was up for discussion.

## INVITED TO VANCOUVER

Vancouver, June 27.—Major Charles Kingsford-Smith, acclaimed by the world for his successful transatlantic flight, has been invited by Mayor W. H. Malkin to visit Vancouver and bring the monoplane Southern Cross, veteran of two ocean flights. Immediately following news of the successful landing of the Kingsford-Smith crew at New York yesterday, Mayor Malkin wired the aviator the congratulations of Vancouver and coupled with it an invitation to revisit the city. Added interest is given here to his achievement because of the fact that in his boyhood the noted flier attended elementary school in Vancouver.

## PRIZES GIVEN TO STUDENTS AT ESQUIMALT

## Special Awards and Honor Rolls Presented at Closing Exercises

Prizes for various subjects, as well as special awards for progress and outstanding ability in certain phases of school work, were presented to the winners at Esquimalt elementary school this morning at an impressive distribution ceremony, which marked the close of the school for the summer holidays.

Many awards, including rolls of honor and special prizes given by the school board and friends in the municipality, were among the list read out by the principal.

While the showing of the final examinations in the different subjects counted for a considerable number of marks in the awarding of the prizes, the general work of the students throughout the year, was also taken into consideration in the judging.

The complete list of awards follows:

**DIVISION 3, GRADE 7**

## REPORT BANKS ASKING POOL CASH DENIED

## Stated No Truth in Rumors About Wheat Situation

Winnipeg, June 27.—Reports that Canadian lending banks were pressing the Wheat Pool for cash to cover a portion of the advances on the 1929 grain crop were characterized yesterday as "non-sense" by officials concerned. A London newspaper was stated to have published a report that the provinces might be asked to put up part of their guarantee, and that a grave financial crisis was involved.

Referring to the newspaper's reported estimate that a demand of ten cents a bushel would involve \$1,000,000,000, pool officials commented that the statement was "so foolish that it does not require an answer." S. L. Corb, chairman of the committee of the pool's lending banks, remarked he did not know of any such situation. Recently Premier John Bracken of Manitoba stated no additional step by the provinces was necessary.

## PELEG HOWLAND, IMPERIAL BANK PRESIDENT, DIES

## Widely Known Business Executive Succumbs at Age of Seventy-three

Toronto, June 27.—Peleg Howland, president of the Imperial Bank of Canada and one of Canada's most prominent business executives, died suddenly at his family residence here yesterday evening after a brief illness at the age of seventy-three. The members of the family were present when the end came.

The story of his career rivals the most romantic. Starting as an office boy at the age of sixteen, he became one of the most powerful figures in the financial and business life of the country, carrying on his business activities almost up to the time of his death.

He is survived by a widow and one daughter, Mrs. Arthur B. Cayley of this city. The funeral will be held on Saturday at 2:30 p.m. from St. Simon's Anglican Church to Mount Pleasant Cemetery.

Mr. Howland, in addition to being president of the Imperial Bank of Canada, was president of H. S. Howland, Sons & Company Limited, wholesale hardware merchants of Toronto, a director of the Confederation Life Association and Canadian Advisory director of the Federal Accident Fire and Life Assurance Corporation of Perth, Scotland.

He was born in Kleinburg, Ont., the son of Henry S. Howland and his wife, Bella (Smith) Howland. He was educated at the Toronto Grammar School. In 1874 he entered the employ of W. P. Howland & Company, Toronto, as an office boy. The following year he started as junior clerk with the Imperial Bank of Canada.

He laid the foundation of the present hardware business in 1877. He married Katherine E. Smith, daughter of Ephraim Smith, Cheboygan, Mich., on June 24, 1891.

Mr. Howland was president of the Toronto Board of Trade in 1906 and 1907, and was chairman of the railway and transportation committee of that body.

## Party Workers in District Two Expect to Add Two Hundred to Majority

## Conditions Never Better For Advocating Liberal Cause, They Say

Conditions were never better for advocating Liberal support, according to expressions of opinion voiced by Ward Two Liberals last night and the meeting was of the unanimous opinion that Stuart Henderson will be returned for Victoria at the top of poll, July 28. Forecasts were made that Ward Two

will add at least another hundred votes to their regular substantial Liberal majority.

Mrs. J. DeBlaquiere presided at the meeting, the object of which was to recruit the best election campaign workers available, and to discuss plans for the forthcoming contest.

## CONSERVATIVE WORSE

In discussing the question of unemployment, it was contended that provinces governed by Conservative administration were the most seriously affected, and that no blame whatever could be attached to the former Dominion Government in that regard. It was strongly commented upon that the unemployment situation in British Columbia caused by industrial inactivity during the present Conservative regime was an outstanding example of what the result would be throughout the Dominion if a Conservative were elected in Ottawa.

The members felt assured that the recent amendments to the War Pensions Act, granting very generous allowances to ex-service men, widows and dependents, will greatly add to the support of the Liberal Party on election day.

Other excellent measures, including some items of the Dunning Budget, were mentioned as very favorable material to be placed before the people during the election campaign.

## After the First Twenty-five Thousand Miles

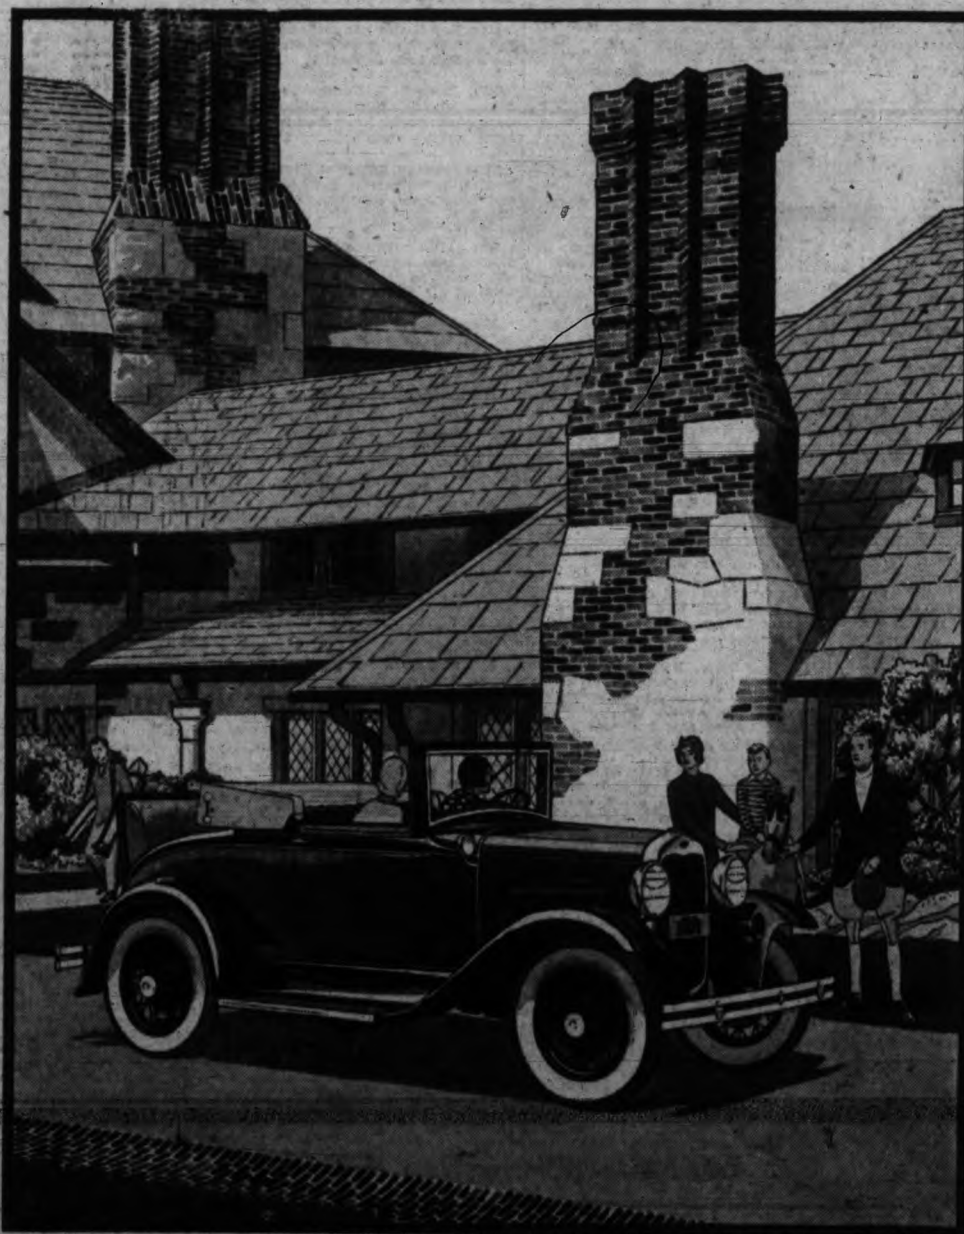

THE value of sound design, good materials, and careful construction is especially apparent in the new Ford after the first twenty-five thousand miles.

Long, continuous service emphasizes the mechanical reliability of the car and its economy of operation and up-keep. The passing months and years bring a growing pride in its appearance and an increasing respect for the substantial worth that has been built into it.

From every standpoint—in everything that goes to make a good automobile—you know you have made a far-seeing, satisfactory purchase. Throughout the Ford

you will find many reasons for its alert, capable performance and many instances of value far above the price you pay.

Prominent among these are the four Houdaille double-acting hydraulic shock absorbers, shatterless glass windshield, fully enclosed four-wheel brakes, five steel-spoke wheels, aluminum pistons, chrome silicon alloy valves, chrome alloy transmission gears and shafts, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior parts.

"THE CANADIAN CAR"

## THE NEW FORD CABRIOLET

The beauty of the new Ford, as apparent in line and color, extends also to the upholstery and appointments. You note it as you open the doors and see the attractive interior. You find it also in those important little details of trim and finish which a woman's practiced eye is quick to catch. There is about the car a distinctive style or tone which reflects the quality that has been built into it. In external things, as in mechanical construction, the new Ford has been made to endure.

## SMART WEDDING AT ST. MARY'S CHURCH TO-DAY

Miss Athalie Gibson and Dr. Arthur Nash United in Marriage

One of the smartest of summer weddings took place this afternoon at 2:30 o'clock at St. Mary's Church, Oak Bay, when Rev. Canon A. E. del. Nunn united in marriage, Athalie, youngest daughter of Mr. and Mrs. H. W. Gibson of York Place, and Dr. Arthur B. Nash, only son of Dr. and Mrs. Richard Nash of Pemberton, B.C. In the presence of a large assembly of friends of the two families.

For the occasion, friends of the bride, under the supervision of Mrs. W. C. Marston and Mrs. B. S. Heister, assisted by Mrs. Anthony Farrer, Miss Lucy Brydon, Miss Dorothy Crump, Miss Inez Ker and Miss Alice Cotton, arranged in the church an unusual setting for the ceremony, which was performed with the bride standing between two tall marble pillars, with capitals surmounted with standard baskets filled with flowers in pastel shades. White clematis trailed from the baskets in graceful design around the pillars. The guest pews were signified with clusters of flowers in pastel shades, tied with white tulle.

The bride party was met at the door of the church by Rev. Canon Nunn and the choir, who preceded them up the central aisle of the church, singing "O Perfect Love" with Mr. P. T. C. Wickert presiding at the organ. Given in marriage by her father, the bride wore an exquisite picture in her wedding gown, a Paton model of shell pink satin, fashioned with bodice, with a new version of the bolero, and with the yoke at the hip line fitting closely and overlapping the long full skirt, formed in sections and extending in the back to form a long court train. The long-sleeved gown was adorned with the finest of silk mohair, with the drooping brims, in white, and the crown in white, and only other touch of color was in the bride's hair, which was worn by the bride in a style that was in the crown of their hats. Mrs. Farrer chose lavender yellow, Mrs. Gibson mauve, Miss Lutton blue and Miss Gallie pale green. Their bouquets were showers of mauve and cream sweet peas and delphiniums. The groom was supported by Mr. Richard Wilson, and the ushers were Messrs. Maurice Carmichael, George Barton and Tom Langman.

During the service, while the bride and groom were kneeling at the altar, the hymn sung was "May the Grace of Our Father," and during the signing of the register, Percy Wickert, boy soloist at St. Mary's Church, rendered two hymns, "We Lift Our Hearts to Thee" and "O Father All Creating." On the departure from the church of the bride party, the organist played the introduction to the third act of Lohegrin's "Wedding March." Following the marriage ceremony a reception was held at the home of the bride's parents, York Place, where the bride and groom were met in receiving their guests by Mrs. Gibson and Mrs. Nash. Mrs. Gibson wore a gown of mauve, purple and grey. The long-sleeved bodice fitted tightly over the hips and had a spiral circular neckline. The skirt was full and touched the ground. Her hat was of Angora straw to match. Mrs. Nash wore a gown of black and white figures, and a matching hat. They each wore corsage bouquets of roses.

The reception was held on the terrace overlooking Oak Bay, where the bride and groom were met. Afternoon tea was served in a large marquee on the tennis court.

Dr. and Mrs. Nash left later for Vancouver from where they will leave on Saturday on the St. Princess Charlotte on the Alaska trip. On their arrival in Victoria they will make their home on Beach Drive, Oak Bay, until their new home in the Uplands is completed. For traveling the bride chose an ensemble of Madeline blue morocain and beige crepe de Chine with topcoat to match, trimmed with Galpin fur on the sleeves and collar. Her hat was a smart close-fitting one of silk mohair to match the ensemble. Among the guests from the mainland invited to the wedding were Mrs. Herchner and Miss Laurence Herchner, Miss Helen Talbot, Miss Mary Proctor, Miss Allison King, Miss Isabel Russell, Dr. and Mrs. Middleton, Mr. and Mrs. W. L. B. Young, Messrs. Jack and Ronald Young, Mr. and Mrs. Nairn Robertson, Mr. and Mrs. Jack Hargrave, Mr. and Mrs. Fred Kelly, Mr. and Mrs. W. B. McInnes, Mr. and Mrs. Bruce McInnes, all of Vancouver; Mrs. Cross, Miss Margaret Cross and Mr. Tom Cross of Edmonton; Mr. and Mrs. Fred Thurston of Port Moody; Messrs. James and John Jeff-Watson of Vancouver; Dr. Arthur Proctor of Nanaimo, Mr. and Mrs. Lawrence Ashburnham and Miss Doreen Ashburnham of Cowichan Lake, and Miss Ruth Tryon of Parksville.

## WHEN BEBE DANIELS BECAME A BRIDE

Bebe Daniels often has worn a bridal gown as the culmination of movie romances, but this was the first time it really meant anything to her. The picture shows Bebe with her new husband, Ben Lyon, and the latter's mother, Mrs. Alvina W. Lyon, as they appeared after the wedding ceremony, an outstanding event of the season in Hollywood.

## AGED LADIES ENJOY OUTING AT BUTCHART'S

Fifty Members of Home Enjoy Day at Island Beauty Spot

Fifty members of the Aged Women's Home journeyed to Butchart Gardens yesterday afternoon for their annual picnic. Though the weather was not ideal, with threatening clouds hiding the sun for a greater part of the time, the outing was most enjoyable.

Before embarking in two large buses of the White Line soon after 9 o'clock each member of the party was presented with a bouquet of roses, the gifts of Woodward's Flower Store. The ladies proceeded to their destination along the East Road, accompanied by Joe Morla, who arranged the outing.

On reaching the gardens, a delightful supper was served on the verandah. Mr. North on behalf of the assembled guests presented Mrs. Butchart with a large box of chocolates, and led the ladies in the singing of "For She's a Jolly Good Fellow," in honor of Mrs. R. P. Butchart.

The ladies' next adventure was the viewing of the gardens. A brief survey of the beautiful gardens was brought to a close by the increasing chilliness of the evening, and soon after 7 o'clock the party departed, each old lady receiving a jar of candy, another mark of Mrs. Butchart's consideration.

REMINISCENCES  
Some of the actions and remarks of the old ladies during the outing were very interesting. One noted that she could remember the time when the gardens were overgrown with weeds and buckwheat, and not one flower gave any portend of future beauty. Another remarked on the amount of work necessary for the garden's upkeep to her, a paramount consideration. One old lady compared the peacock, which displayed his finery so proudly to the flapper of to-day. Another, perhaps the same one who had been greatly upset because she thought she was to be left behind at the home, danced happily around the velvet lawn singing her own accompaniment. Another asked for a look at the paper, asserting she was not a habitual reader, but liked the funny pages.

## ALEXANDRA ROSE DAY SATURDAY

Florence Nightingale Chapter I.O.D.E. Convenes Arrangements For Annual Event

Will Present Ensign to Naval Cadets and Cup For School Sports

The final arrangements for the sale of roses on Alexandra Rose Day on Saturday were given by the regent of Florence Nightingale Chapter, I.O.D.E., which is acting as convener this year for Municipal Chapter, at the meeting held on Thursday afternoon.

Mrs. Symons was warmly congratulated on the attractive window display at the headquarters for the day which is at the entrance to the Union Building on View Street, and has been decorated with roses in a most artistic way, also with models illustrating the work which will benefit by the money donated by the public on Saturday.

The meeting opened with a standing tribute to the memory of Miss Macdonald, who had been the first vice-regent of the Dr. O. M. Jones Chapter when that chapter was organized. A letter of sympathy with Miss Macdonald on the death of her mother was voted to be sent from Municipal Chapter.

A donation was made to the Social Service Sunshine Camp at Seascor, and Mrs. Wright was asked to act as a substitute for Mrs. Miles, during her absence in California, to take charge of the child welfare and social service work of the Municipal Chapter.

It was unanimously voted to present a Canadian naval ensign to the Sea Cadets, also to present a challenge cup to be competed for by the city schools at their sports on May 28 each year.

Mrs. E. Hayward brought in a very satisfactory report of the educational work of Municipal Chapter. The Primary Chapters are supporting the secondary education of war veterans' children very well.

Mrs. A. B. Hopkins reported the Local Council of Women meeting, and asked for helpers, who are greatly needed for the pleasure of the evening. The choir will disband for the summer months and rehearsal will be resumed on Tuesday, September 18.

Mrs. Angus Campbell, who entertains annually at a tea for the executive of the Women's Canadian Club, was hostess yesterday at a charmingly arranged tea party in the Princess Charlotte dining-room at the Empress Hotel. The table at which Mrs. James Fletcher and Miss Agnew presided, assisted by the Misses Margaret Fletcher and Campbell, was most artistically decorated with a centrepiece of Iceland poppies and maidenhair fern, while a table of white and purple gypsophylla adorned the mantelpiece in the dining-room. Among those invited were Mrs. S. P. Volms, Miss Agnew, Mrs. R. W. Mayhew, Mrs. C. Conner, Mrs. J. C. Platt, Mrs. J. H. Fletcher, Mrs. E. C. Hart, Mrs. W. H. Mitchell, Mrs. F. W. MacInnes, Mrs. R. M. ## SECOND PARTY TAKEN TO CAMP

Ten Mothers and Thirty-one Children Go to Sunshine Camp

The second party of mothers and children went yesterday to the Sunshine Camp at Esquimalt, to enjoy a fortnight's holiday. The party comprises ten mothers and thirty-one children and takes up practically the whole accommodation at the camp.

It was with reluctance that the first party of mothers and children returned to their homes. They all greatly benefited by the change and wholesome food.

The camp continues to find good friends in unexpected quarters as well as among old benefactors. The Victoria unit of the Army and Navy Veterans has recently given a handsome cheque for the erection and furnishing of a cottage. The building is under erection, and will be ready for occupation in a few days' time.

A donation of pretty bibles for use by the very small children has been sent by the Opashees Sunday School class of Christ Church Cathedral and the Junior W.A. of St. Mathias Church. More money is needed for the support of the camp, and contributions may be left at Room 45, Arcade Building.

**Pastel Background**  
For hot summer days, nothing is cooler looking than a printed chiffon with a pastel background. The Vogue for pink and black and pink and navy blue still obtains. A soft greenish blue background, with brown figures makes a new and stunning cape frock for afternoon.

**Pretty Parasols**  
New beach parasols are made with only four ribs, instead of the regular six or eight. Some are white linen, embroidered, others gaudy prints, still others delicate pastels. It is smart to match your parasol with your bag and shoes in order.

The fuselage of an inventor's airplane is suspended from the wings through a universal joint, making it hang level at all times and preventing spins and dives.

## Hon. R. H. Pooley Will Open Party

Owing to the absence of His Honor the Lieutenant-Governor and Mrs. MacKenzie, Hon. R. H. Pooley, accompanied by Mrs. Pooley, will open the garden party at Government House to-morrow, arranged by the Boy Scouts' Association. On his arrival at 3 p.m., he will be received in the hall of Government House by Messrs. Bisset and Shaw, of the Ladies' Auxiliary, Assistant District Commissioners Hartley, Wise and Hilliard; Mr. A. B. Sanders, president of the association, and Mrs. W. C. Nichol, commissioner of Girl Guides. The proceedings will commence with the flag breaking, after which the Wolf Cubs will give the grand hoist and various Scout and Cub displays will follow. There will be clock golf, the "magic carpet," and spinning wheel.

## Allies Chapter Will Assist On Rose Day

Throughout the North Saanich district, members of the Allies Chapter, I.O.D.E., will observe Queen Alexandra Rose Day to-morrow by holding a tag day, in aid of the Queen Alexandra Soldiers' and Sailors' Home.

All proceeds from the tag will go to the fund, which the chapter uses to furnish warm clothing to the little patients. Although the winter is some distance away at the present time, the ladies require some time to make the garments required for the boys and girls, whose parents are unable to provide the warm things so essential to the comfort and health of the small children.

Residents of Sidney and North Saanich are appealed to by the Allies Chapter to support the tag day as generously as their means permit. Owing to the fact that the district is a large one it will be of great assistance to the taggers if contributors will have their donations ready so that time will be saved in making and giving change.

The ancients used combs to arrange their hair, the Greek and Roman combs being usually made of boxwood, and the Egyptian of ivory.

## DANCE WILL END REGATTA EVENTS

J.B.A.A. Will Be Hosts at Dance at Empress Hotel

The members of the J.B.A.A. will hold a dance on July 13 at the Empress Hotel as the closing event for the N.P.O.A.A. regatta, which will be held at Brentwood the week ending July 12. It will be a flannel dance, and the following members of the J.B.A.A. are making the arrangements for this closing event: Miss Underwood, Miss Mary Ross, Miss Bayard and Messrs. G. C. Walla, Tom Roberts, Arthur McVana, Gordon Lott and Ross-Hocking. There will also be a dance on the evening of July 1 at the Club House of the J.B.A.A.

## English Cathedrals Subject of Address

Mrs. M. Tillmont-Thomson of the R.M.S. Department of H.M. Government, visiting in Victoria from England, gave a splendid address, profusely illustrated with clear lantern slides of the cathedrals of England in the Women's Institute Hall, Langford, on Wednesday evening.

Historical facts and legends were told in a pleasing manner, making the lecture instructive as well as most interesting to the young and old listeners. Norman, Tudor and Stuart architecture were shown in old monastic towers, domes and spires.

Among the many pictures shown were the ancient St. Mary's Abbey, York; St. Hilda's Abbey, Ely Cathedral and history given of the first Norman Anglo-Saxon monastery built of oak trees, dating from the year 660. Lincoln, Worcester, Bristol, York, Chester, cathedrals were among the slides shown, and many details and pictures of Holyrood and the Tower of London, St. Paul's and Westminster Abbey.

Rev. A. L. Nixon expressed the thanks of those present to Mrs. Tillmont-Thomson. Visitors were present from Victoria, Royal Oak and Colwood.

## Vacation Employment

If you can work out some employment for your children that will occupy their leisure and give them a little money, too, you are the ideal parent. Girls usually like sewing. Let them do the mending for a consideration. Boys like carpentering. Don't you need repairs or new contraptions? Decide on the wages before they start the work.

## Peanut Butter

When spreading peanut butter on sandwiches, mix it first with a little olive oil and you will find it twice as easy to spread, and what is more, it won't stick to the roof of the mouth.

## YOUR BABY and MINE

For Mothers and Babies

Mrs. Baird will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

## CONSTIPATION ONLY AGGRAVATED BY DAILY DOSAGE

The daily plaint of nine out of ten mothers is: "My baby is healthy but always constipated. I never get a regular movement without the use of some kind of physic orenna or what-not." Of course not. How could one expect it? How can a mother keep on clearing out the bowel tract in an unnatural manner and ever expect it to work? The whole thing would be absolutely against nature.

Bowels act when there is bulk to act upon. The presence of sufficient bulk in the intestines means that the child is getting enough food which has a residue, and in sufficient quantities. Sometimes a baby's food is almost all nutrition and there isn't a great deal of residue after the digestion of milk. If baby isn't getting a great deal of bulk, his bowels may be a natural movement only every other day, sometimes longer. That isn't constipation. It does become so when there is a tendency to achieve a daily bowel movement, use physics repeatedly. They do the work, but afterwards there is a period of even greater constipation while the system is collecting again. Without waiting for natural results, use physics again, and so it goes. No end in sight.

## WATCH BABY'S GAIN

Stop watching the number and weight.

Of course there is a type of constipation which is the result not only of an inadequate diet, but also of an unbalanced diet. The child who has a food that is chiefly sugar is almost always constipated. The child who has great quantities of milk and no sugar with it, has hard, clay-colored stools. These conditions do not indicate that the bowels can't act but that the diet is not properly constituted and that by rearranging the diet the constipation takes care of itself.

## No Handout

Beggar: Have you a good square meal for a hungry man?  
Lady of the House: Yes, and he'll be home presently, so you'd better go.

## SISTER MARY'S KITCHEN

There probably are no two more popular vegetables for salads than tomatoes and cucumbers. All through the year we use them on "estate" occasions. But during the summer months they become plentiful and cheap, and we use them in some form or combination nearly every day.

When marketing for tomatoes, there are several points to keep in mind. The composition of tomatoes makes them a tender vegetable and hence to many plant diseases which spoil them. Many of the defects are perfectly obvious, but some are not so noticeable and must be searched for.

Shape, color, smoothness and firmness must all be considered in choosing tomatoes.

Round or slightly heart-shaped, perfectly formed and not too "watery" around the stem—that's the shape to choose.

## DEEP COLOR DESIRABLE

The color should be a good red. While there are many varieties of tomatoes ranging from a rosy red to a deep scarlet, a definite, clear color is essential. A yellowish tinge indicates immaturity when the vegetable will be tough and tasteless.

Smooth, glossy skins are desirable. Wrinkled or shriveled skins are an indication of inferior quality.

Firmness should be watched for. Certain tomatoes of good color and shape, with smooth glossy skins, are partly hollow inside and are most disappointing when sliced. A hollow tomato yields easily under pressure and gives a slightly hollow sound when tapped with the fingers. It is also light in weight for its size.

Stem-rot is easily overlooked because it is almost the same color as the stem-end itself. As this condition spreads rapidly, it should be carefully watched.

Cucumbers are less perishable and their defects are quickly recognized.

Color, shape and firmness are the deciding factors. Slicing cucumbers should be green for the last two-thirds their length, long in proportion to diameter, and not too tapering toward the ends.

## YOUR CHILDREN

George Bernard Shaw was quoted recently as having replied to a certain question: "To learn how to evolve parents and teachers to raise children fit to live."

The question was, "What do you consider the most important thing in the world?"

It is a pretty full sentence and at first "fit" has a rather sharp tang. But abrupt though it sounds, it improves upon analysis. "Fit to live," means fit for life or fitted for life.

The point here to-day is not the children nor the parents—they have been the focus of attention for years in the new order of child-guidance. But Bernard Shaw saw what was coming inevitably: the guns of experts in the child-field now are trained on the teacher—or to be more exact, the schools.

Our public school system has never failed to keep in step with the times, but the tempo of the times was seen to march a little faster than ten years ago. Now it is quickening and the schools have a problem on their hands. They won't fall in adjusting themselves to conditions because they never have and they won't now, but the new ideas are so different from anything that has gone before that they need a little time to develop, and new ideas take money and thought. But it will come.

In the first place, the whole viewpoint has changed. As I heard a noted speaker say the other day, "The primary idea of education heretofore was to help the state. Now it is to help the individual. The child now is first regarded as a human being and next as a pupil."

## HOW THEY KEEP COOL IN AFRICA

They can keep cool in African deserts. Here is a young Caliph as he arrived at Zetoun, North Africa, with his prize native regiment to recieve a flag and some presents from the Spanish commander of that district. Observe the "Knight of the Parasol" walking beside him to keep his highness shaded from the sun's blithering rays.

## PUPILS' RECITAL HELD YESTERDAY

The last recital of the year, ending in June, was given at the studio of Mrs. MacGovern, Quadra Street, yesterday from 4 to 5 p.m. by the private pupils. A number of parents and friends were present to hear the programme of piano solos, duets and toy orchestra numbers. The student taking the highest marks for good work during the year was Christine Schmale, who was presented with a suitable prize. Robert Taylor came second and Flora Campbell third. The teacher, Mrs. MacGovern, was completely surprised and delighted at being presented with a beautiful basket of flowers and a card of names by the private and piano class students.

Those taking part were Kathleen Brown, Beth Taylor, Elvira Gray.

## Glass Flowers

Some of the sweetest boutonnières for summer frocks and suits are little bunches of glass flowers. The leaves are made of kid. Others have buttons for flowers and kid leaves to go with them.

## White Gloves

As hot days come, white gloves grow more popular. With short sleeves or no sleeves at all, short white gloves, or pull-ons of six or eight button length are very summery and smart looking.

Is your Baby Thriving?

## A Marquis, Sask., Mother's Experience

Little Joyce Taylor's mother writes: "The first three months of her life Joyce had a hard time finding a suitable food. Nothing seemed to agree with her. Then we put her on Eagle Brand and from her very first feed she came right along. I went by the directions on the can. Now at 13 months she is a sweet, happy child in perfect health all the time."

## And from Saint John, N.B. Mrs. Gourley writes:

"One after another different foods were tried for our baby, but Una couldn't digest them. At birth she weighed 14 lbs. but she dropped to 10 lbs. at 3 months. Then we tried Eagle Brand and she began to thrive almost immediately. At 2 1/2 years she weighed 40 lbs."

Most babies show normal progress. That is quite natural. If your baby is not steadily gaining consult your doctor. If it is a food problem, we suggest that you and your doctor consider Eagle Brand. For bottle-fed babies, Eagle Brand has been the standby of mothers for three generations. It is especially valuable in difficult feeding cases, being such a safe food—pure, uniform, easily digested. You will be pleased to see your baby begin to thrive immediately when placed on a carefully prepared Eagle Brand diet. It is highly endorsed by doctors and nurses.

## THE SPORTS MIRROR

LINGERING around the brilliant ring at Yankee Stadium the other night where Max Schmeling had just taken a low blow and the heavyweight championship with it, were little groups of fans, basking here and there like bugs around a light. In the centre of one of these groups, a young man was speaking with an authoritative tone and the other bugs were listening respectfully. The young man was Benny Leonard, still youthful as years go, but old as ringmen reckon age.

"Here's a funny angle," he was saying, "about the four fights. Look at Phil Scott. He took plenty of foul punches in Miami, and in public regard he is a discredited fighter. And to-night for one low blow Max Schmeling becomes heavyweight champion of the world."

"And Scott was getting up a pretty fair sort of fight in Miami, too, before he started to fold," one of the bugs said.

"Just as good a fight as Schmeling was putting up to-night," Benny corroborated. "He set Sharkey back with a left that night that was a pip. He was outshouting Sharkey, making him miss frequently. And to-night in there Schmeling was no boxer at all."

Do you think Schmeling has championship stuff? Leonard was asked. "No, no, not now," he replied. "At least two years away. But he has a good punch, for a foundation and looks promising. That left hand he tried to use in there to-night was more awkward than interesting. He has a whole lot to learn about a left hand."

The talk following the fight has been filled with questions. There is a great deal of divided opinion about Sharkey. Some say he crumpled on discovering the marble qualities of the German's chin. Some say the blow was purely accidental, the result of Max coming in too close after missing that left which swung across the Boston Gob's head.

These are questions that cannot be answered except by a return bout fought fairly from start to finish. And at the present time there seems a good chance of one being seen in September. How can anybody say Sharkey deliberately threw away his chances to win the world championship? On the other hand, how can it be proved that Schmeling was eager to take the foul way out after taking a fancy beating in the first three rounds?

Umpires get so loose for an argument that after the games they battle among themselves. Strange but true. For weeks in hotel lobbies and on trains the umpires argued the questions, "Who is the greatest ball player?" Bill McGowan, veteran American League arbitrator, defended Al Simmons. Tommy Connolly, ancient of days, pleaded for Mickey Cochrane. Van Graffen voted for Connolly. They fought it out verbally, hour after hour, with McGowan steadfastly upholding Simmons.

"He does everything right," shouted McGowan. The greatest man in the league at bat, the greatest of the fly-catchers in baseball history. He hits at the right time and you never see him make a wrong move in the outfield. He's a steady of the batter up there, all the time. Know just where a hit is going when—"

"Yes," Connolly interrupted, "but where would you be without Cochrane's inspiration? And don't forget he's no stranger with the bat, either."

So, on and on, for weeks the argument continued, with each of the umpires refusing to give in. Finally, one day when McGowan was behind the plate in Detroit, he mentioned the subject to Cochrane.

"Listen, Mickey, I got a question for you to answer," said Bill. "Who is the greatest player in baseball to-day?"

And the reply, without hesitation was: "Al Simmons!"

Mickey, however, was not without a good word for himself.

"I'm not in Simmons' class as a ball player," said the old-time greatest player in the world right now. But here behind this old dish, I'll take the berries myself. Now I hope that's settled."

It seems to me that Mickey has a pretty good sense of the eternal fitness of things. And if Mickey admits he is not in Simmons' class as a ball player, then who is?

The only fault in that recent St. Louis-Washington game, in which Goose Goslin went to the Browns for Crowder and Manush, was that Phil Biddis didn't throw in Ralph Kere just to make the thing look more like an even break.

## Home Team Scores 129 For Three At Interval For Lunch

Chapman, English Captain, Again Lucky and Wins Toss, Putting Team Into Bat; Jack Hobbs Is Off Form and Only Scores Single Before Being Retired; Woolley Contributes 41, and Hammond 38; Australian Team Same As In First Match, But England Makes Several Changes.

London, June 27.—With a great crowd looking on, including the Duke of York, the second cricket test match between England and Australia got under way here to-day at Lord's. England batted first and at the lunch interval had lost three wickets for 129 runs, men out being Jack Hobbs, Frank Woolley and Wally Hammond. Hobbs was not in his best form to-day, scoring only a single, though Woolley, who made 41, and Hammond, 38, kept the Australian batsmen in check after their early success in dismissing Hobbs so easily.

## "OLD WOODEN FACE" SEEKS FRESH FIELDS

Elusive Wooden Target Will Appear at Victoria West Park To-morrow Morning

Intercity Contest May Be Arranged; Keen Rivalry Expected Between Districts

What a glut for punishment. Not content with the shelling he received last Saturday at the Central Park, "Old Wooden Face" is journeying to Victoria West Park to-morrow morning to test the accuracy of all the embryo "Lefty" Grooves in that district. Hostilities will start at 10 o'clock and a large turnout is expected in both the under fifteen and under eighteen events.

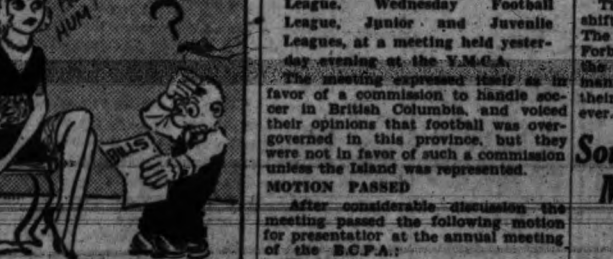

Considerable skill was shown by the Central Park hopefuls last week, but there was still room for improvement and from present reports the boys of Victoria West intend to better the record of the Central or die in the attempt. It will be interesting to see what effect this inter-district rivalry will have on the broad of pitching discipline. It is anticipated that many of the remaining districts will have made some of practice before they face "Old Wooden Face."

Eddie Rommell, they say, practiced pitching against a target for three hours a day one season and his accuracy was so improved that many Big League players have employed this method of gaining control. A Vancouver edition of "Old Wooden Face" has lately caused great enthusiasm and if the local youngsters take to the idea, an inter-city contest might be arranged in the future.

## Penalty Gives a Win to Kilmarnock Over Railway Team

Montreal, Que., June 27.—Kilmarnock eleven of the Scottish League chalked up their twelfth victory here yesterday evening when they beat the Canadian National Railway's team 1-0, by virtue of a penalty goal. Play was even until eighteen minutes of the second half had elapsed when Lumsden, Canadian National right half, put up his hands and touched the ball near the goalmouth. About 2,500 spectators saw the match.

## FOXY PHANN Modern women may make good mothers but they often make poor fathers

Clark Griffith of Washington had to give the Chicago White Sox two players for Art Shires. But as far as the noise they made is concerned, Shires will make up for 'em.

The Senators now own three of the funniest men in baseball—Al Brock, Schorsch and Shires.

Burleigh Grimes goes to the Cardinals. It will be interesting to note how well Burleigh succeeds in plying Sam Breadon loose from \$15,000 next spring.

The Detroit Tigers gave Carroll to New York and knocked him off the slack. The Yankees returned the favor by plastering White Hoyt to the tube even Steven.

## THREE BALL GAMES ARE SCHEDULED

Good Programme Carded For Week-end; Sons Play Jokers This Evening

Elks Will Oppose All-star Up-Island Nine in Two Fixtures To-morrow

Three games will be offered baseball fans over the week-end. To-night at the Royal Athletic Park the Sons of Canada and Jokers will hook up in a regular Senior Amateur League game, while to-morrow the Elks, present leaders of the league, will play an all-star Up-Island nine in a pair of exhibition fixtures. This evening's game will get under way at 6.15 o'clock, while the twin games to-morrow are slated at 2.45 o'clock and 6.15 o'clock.

Decide Island Should Be Represented on Commission: Motion Passed

Strong objection to the suggested increase in affiliation fees of both clubs and leagues, as planned under the new constitution to be presented at the annual meeting of the B.C.F.A. to-morrow night, was expressed by officials of the Victoria and District Football League, Junior and Juvenile Leagues, at a meeting held yesterday evening at the V.M.C.A.

## Sonnenberg Beats McCoy in Battle Of Flying Tackles

Boston, June 27.—Que Sonnenberg, claimant of the world's heavyweight wrestling championship, won two out of three falls from Bob McCoy, former Kelly Cross Athlete from Cambridge, in a battle of flying tackles here yesterday evening. McCoy won the first fall in 33 minutes, and Sonnenberg the next two in 16 and 5 minutes respectively.

## Edwards Springs An Upset By Defeating Defending Champion

By Robert Edgren

Several fine matches featured yesterday's play in the Victoria Tennis Club championships. Yesterday evening a number of semi-finals were played and in nearly every case the matches were close and interesting. Lieut. Commander Edwards won the best match of the day when he defeated Marsh Gordon, defending singles champion, in straight sets in one of the best base line duels the club has witnessed in its championships for years.

Edwards, who came to Victoria at Christmas with a good reputation, was slow in starting this year, but has proven in the last days that he is capable of being Victoria's best tennis player.

Yesterday's battle found the players on the base line, and both were hitting their shots hard and with good length and steadiness. Edwards ventured to the net on several occasions for beautiful volleys, but his ground game was severe enough to permit him to finish the point from his original position.

## Mangin Wins Over "Bunny" Austin In Two-hour Struggle

Great Britain's Hope For Singles Championship At Wimbledon Loses To U.S. Star In Hot Struggle, 9-7, 10-8, 6-0; Wilmer Allison Wins Over G. P. Hughes In Four-set Encounter; Helen Jacobs Advances; King and Queen Attend Matches To-day.

Wimbledon, England, June 27.—Gregory Mangin, New Jersey flash, to-day defeated Great Britain's ranking singles player, "Bunny" Austin, 9-7, 10-8, 6-0, in a match which lasted nearly two hours.

The King and Queen arrived just in time to see the closing phase of the match. The players got a moment's rest in their desperate match when the King and Queen arrived. The crowd stood and cheered and the play halted.

## COLLEGE HOLDS ANNUAL SPORTS

Cordova Bay Is Scene of St. Louis All-day Athletic Meet and Picnic

One hundred and fifty pupils of St. Louis College took part in the annual sports and picnic yesterday at Cordova Bay. The boys started from town at 9.30 in the morning and remained on the beach until evening, when they were entertained by the women of the Catholic Women's League.

## Kruse Wins Over Paul Wilkins In Rough Encounter

Vancouver, June 27.—Bob Kruse, of Portland, won two out of three falls from Paul Wilkins, of Salt Lake City, in a feature wrestling bout here yesterday evening. It was a rough and tumble tussle, with Kruse taking the first and third falls. In the preliminary, Jack McLaughlin, of Vancouver, and Jack Strong, Australian grappler, wrestled to a draw, and John Freberg, Chicago, took one fall from Gene O'Connor, Vancouver.

## "Chuck" Klein Is First to Crash Out 100 Safeties

Chicago, June 27.—"Chuck" Klein, of the slugging but erratic Phillies, was the first major league player to hang up 100 hits in the 1930 campaign.

Klein got three hits for his 100 yesterday in a losing doubleheader with Pittsburgh, while Terry of the Giants fell short by one when he got only one blow in a winning game against St. Louis.

Reddyp of Cleveland has the most hits in the American League with 94, yet neither he nor Klein lead their leagues in hitting.

## RACING OPENS TO-MORROW AT MAINLAND OVAL

Oldfield Handicap Will Feature First Day at Lansdowne Park

Special Programmes Are Arranged For July 1 and 4; Racing Is Good

Vancouver, B.C., June 27.—Vancouver's second week of the 1930 racing season will open at Lansdowne Park Saturday afternoon. The programme will be featured by the Oldfield Handicap, a sturtevant affair.

As a matter of fact there will be four races from the three-quarter chute and three events at a mile or over. The cheap aprons are on.

The first week that was concluded at Brighouse last Saturday returned the finest racing seen in Vancouver since the sport was revived back in 1920.

Woodward, the new presiding judge, has a grasp on affairs of race riding that is evident throughout the stands throughout the country. He is an old horseman himself and knows the game from every angle.

He is President of the Lexington Hunt Club and in close touch with racing on the big apple.

"These boys here," he will tell you, "are just as good racers as a lot of them do in Kentucky."

The best performance during opening week was that of New Handicap, the old handicap star, who has been ridden since last year and who is expected to show some right now. In a field of sprinters last Saturday the son of Granite came within two-fifths of a second of Hey Diddle Diddle's track race record.

Special programmes have been arranged for July 1 and July 4. July 1 will feature the Dominion Day Handicap, at one mile and the Maple Leaf Handicap, at one and one-half furlongs. The schedule for July 4 has a main event, the Celebration Handicap, mile and one sixteenth, and the Juvenile Handicap, for two-year-olds, at five furlongs.

vs. Mrs. Sharpe and Christy, 8. Ryall vs. Col. McChes. W. Kirkbride vs. Scott Mason. M. Jackson and Kirkbride vs. Miss D. Rines and T. Christie, 6 p.m.

Winner of Miss H. Campbell and Raymond vs. Sharpe and Christy plays vs. Miss Campbell and Raymond vs. Miss Campbell and Raymond vs. W. Kirkbride and Scott Mason plays W. G. Garrett. Hocking and Cunningham vs. Mrs. Phillips and Miss D. Rines vs. Mrs. MacDonald and Miss Lawson.

# Pairings Announced For U.S. Open Golf Championship

## Bobby Jones Will Defend His Title Starting July 10

Recent Winner of British Open and Amateur Titles Will Trek Over Interlachen Course With Veteran Jack Hutchison As a Partner; Cyril Tolley Paired With George M. Smith; Frank Rodia, Seattle, Will Play With Long Jim Barnes.

New York, June 27.—Pairings of the 150 contestants who will seek to reduce Bobby Jones' golf titles to a mere two by taking his American open championship away from him are announced by the United States Golf Association.

On July 10 and 11 the best golfers in the United States will go two and two over the well-trapped and water-guarded course of the Interlachen Country Club, Minneapolis.

Pairings are announced only for the first two days, for the golf sheep will be separated from the goats after the first thirty-six holes, and more than half the big field will have no part in events later when 36 holes will be crowded into one crowded day with the champion emerging at the close, unless there is a tie as has been the case in four of the last five years.

### THE PAIRINGS

Cyril James Hastings Tolley, former British amateur champion, with George M. Smith, Lake Forest, Ill. Horton Smith, playing from the New Cragston, N.Y. Club, and Ralph Beach, Pikesville, Ind.

Donald K. Moir, Portland, Ore., amateur, and Robert Crowley of Haverhill, Mass.

Johnny Farrell and Herman Barron, Port Chester, N.Y.

Leo Diegel and Chester Jones, Lawrence, Kansas, amateur.

Long Jim Barnes and Frank Rodia, Seattle.

Walter Hagen and Jimmy Thompson, Colorado Springs.

Phil Perkins, former British amateur champion, and Fred B. Morrison, Los Angeles.

### Mixed Foursome At Victoria Club On Dominion Day

A mixed foursome competition will be held at the Victoria Golf Club on July 1. Half the combined handicap, and limited to thirty, will be allowed, and competitors may choose their partners and arrange their own starting times. Post entries will be received.

### REGATTA PLANS ARE COMPLETED

With Good Weather Yachting Events Here Next Week Should Be Successful

Capt. J. W. Troup's trim pleasure craft Cruiser is being groomed and brightened up at her berth in the inner harbor in preparation for the Regatta which will be held off Gordon Head next week.

The Cruiser will act as official boat to carry the judges, newspapermen and others connected in an official way with the regatta. Capt. Troup, himself, will be on the ship during the regatta. The ship is named after a judge of the motor boat racing events.

The Cruiser will leave the Yacht Club float at Carboro Bay every morning at 9 o'clock for Gordon Head, returning there in the evening.

Plans are now practically complete for the regatta which will open on Tuesday morning next with a large number of entries from neighboring cities. The highlights of the three-day program will be the race for the Lipson trophy and the sailing boat race.

The Lipson trophy is a silver cup which is presented annually to the winner of the regatta. The sailing boat race is a 100-mile race which is the most important event of the regatta.

With good weather, fair winds and favorable tides the regatta should be an outstanding success, and one of the best staged in the annual of the Pacific Coast Yachting Association.

Each evening an informal dance will be held at the Yacht Club, and on the final evening the prizes will be presented during the dance.

quickly upon reaching the green. If a bunker stretches across the front of the putting surface with the spoon it is possible to play a deep shot which will carry the trap and bring up after a few yards of run.

The iron, on the other hand, is more likely to produce a low flying shot which, if it is not backed by a strong head wind, will strike the ground still with plenty of speed left. This very quality makes the number one indispensable when playing the same shot against the wind, for the lower shot is then controllable when the high, climbing spoon shot would be at the mercy of the gale.

HEAVY IRON HARD FOR STRAIGHT-FACED IRON

There is a prevailing notion that when the ball lies in rough grass some sort of an iron ought to be resorted to. Sometimes, when all possible length is required, this leads to the selection of a number one or two iron. This is one case when there ought to be no choice other than the spoon, unless the lie is so bad that it is impossible to play the ball out. I have found many times to my sorrow that a straight-faced iron is a tough customer to handle when the ball lies in rough grass.

The player ought to remember that the spoon with its generous loft and its resilient wooden head is ideally designed to play a shot which, for any reason the force of the stroke is lessened, and further, that the big iron, having no great amount of loft, and at same time being constructed of less resilient material, cannot obtain an elevation without force and a good lie. This, I think, is the rule which ought to be followed in determining a choice between the two in any situation where a choice is possible.

### TOMMY FIELDING LOSES DECISION TO TACOMA BOXER

Tacoma, June 27.—Freddie Steele, Tacoma 140-pounder, won a decision over Tommy Fielding of Victoria, in the six-round main event of the boxing programme here yesterday evening.

Steele made a last round rally that apparently caught the eye of the referee, as Fielding had a good margin going into the final round.

Don Fraser, Spokane, 140-pounder, won a decision over Joey Coffman of Portland, in six rounds.

In the four-round preliminaries, Jimmy Beck, Tacoma, better, won over Del King, of Spokane; Hank Voight, Spokane, lightweight, defeated Soldier Brown, Tacoma; and Les Bain, Tacoma, lightweight, and Tim Kelst, Victoria, drew.

### Brilliant Entry For Big Vancouver Meet

Galaxy of Stars Enter Competitions For International Sports Card

Victoria Athletes Will Compete; Mile Event Draws Classy Field

Vancouver, June 27.—Preparations for the international track and field meet at Hastings Park, here, July 1, Dominion Day, are rapidly nearing completion. George Simpson, Ohio State flash, one of the Big Three, who will compete in a special 100-yard event, is already here, along with Percy Williams, Vancouver's Olympic champion, while Eddie Tolan, dusky Michigan star, is on his way to Vancouver. These three, all of whom rank as topnotchers in the sprinting game, will look up in the special event. Others who will compete against Williams, Tolan and Simpson are Hables, San Francisco Olympic Club, and Foster of Washington State University. Lovridge of Pacific College, Stockton, Calif., is also an entry.

Posters, Hables, Tolan and Lovridge will also compete in the 220-yard event. Neither Williams nor Simpson have entered the furlong sprint.

BRILLIANT ENTRY

Tommy Herd, star Vancouver A.C. miler, heads a brilliant entry list for the mile event. His chief competition will come from Rufus Kiser, Seattle; Clark of Washington State College; and Aldous of the Victoria Y.M.C.A.

Herman Biss, former Washington star, now of Los Angeles, and Chief John Cameron, the New Westminster police force, will probably fight it out in the various weight events, all of which have drawn heavy entry lists. Jessup, captain of the University of Washington track and field team, is also among those entered in the weight events.

The pole vault will be a featured event with such entries as Edmunds, San Francisco Olympic Club; Herron, Washington State College; Leinhart, Washington State College; Robinson,

## Pitcher Lets Ball Get Away and Loses A Hard-fought Game

Phil Collins of Phillies, Until Yesterday, National League's Leading Pitcher, Drops Tough Game To Pittsburgh By 1-0 Count When Runner Comes Home On Error; Allows Pirates Four Hits; American League Leaders All Turn In Victories; Brooklyn Turns Back Chicago.

Bob Shawkey's New York Yankees got through to another close victory yesterday after a terrific struggle with the Cleveland Indians, 13 to 11. Nine of Cleveland's runs came in the last four innings after the Yanks had piled up an 11 to 2 lead.

Where the standings were concerned the results meant practically nothing for New York, trailing Philadelphia and Washington. The Athletics and Senators were victors by big scores. Athletics made thirteen blows off Sammy Gray and defeated the St. Louis Browns, 8 to 3. Washington, scoring seven runs in the first inning, trounced Detroit 12 to 4.

Even the humble Boston Red Sox did some heavy hitting, defeating the Chicago White Sox 9 to 7 for the sixth time in succession.

GIANTS HITTING WELL

Although the rest of the National League rather fell behind in slugging, New York Giants out did anything the American League could offer by piling up twenty hits to beat the St. Louis Cardinals 12 to 4.

The Pittsburgh Pirates did about as well in the second game of their double header with the Phillies. Phil Collins, until yesterday the league's leading pitcher, gave Pittsburgh the first game, 1 to 0. He wound up while Brudell was on third and let the ball slip from his grasp. Before he could recover the one run was in and he lost the game, although he gave but four hits. Every Pirate clouted the ball at least once in the second game to bring an 11 to 5 decision.

The highly heralded struggle of the Titans between Brooklyn and Chicago turned into a demonstration in honor of Danny Vance, which put the Braves on top of the Cubs, 4 to 1, in a two full games in the lead with a 7 to 1 triumph. Danny had the Cubs under complete control.

## NO FRUIT POOLS IN B.C. UNTIL APPLES COME ON

No Surplus Problem This Season in Cherries, Apricots Or Peaches.

Vernon, B.C., June 27.—The general meeting of the Growers' and Shippers' Federation, postponed from Monday, June 16, to Tuesday, June 24, has been further postponed until Friday, July 11.

At a meeting of the directors, consideration was given to the powers conferred under the amendments to the legislation. Study of these appeared to indicate that the committee has no power to declare a pool until after it has declared there is a surplus. In some of the other clauses, the meaning of the wording is not clear and it was thought best to have these difficulties cleared up.

As last season the Associated Growers and Sales Service agreed to a voluntary pool for cherries, and other marketing organizations that desire can go in with them. The committee of direction has permitted cherry growers at Kere-mos to ship to the Vancouver market on consignment. There is no possible surplus on apricots and peaches so that the necessity for pooling anything before the McIntosh apples are ready is not now apparent.

### TOMATO PRICES OFF

Prices of hothouse tomatoes have gone down considerably. The cool weather checked the ripening and when the warm weather came on the tomatoes matured fast and got to market to find plentiful supplies. Prices which held at \$3.75, sagged to \$2.75.

### SUNSHINE NEEDED FOR CHERRIES

Black Tartarian cherries are moving rather freely. The Royal Annes have gone to the canners and there may be a spell from the end of the week to the end of next week, when the Okanagan will have little to offer. Sunshine and dry weather is needed. The committee of direction has been trying to get permission from the Fruit Branch to permit movement of split cherries. So far it is believed that all that has been obtained is permission to move halved cherries.

Committee prices on Bings and Lamberts are \$2.75. Royal Annes \$2.25, Tartarians \$1.75. These became effective June 24. The head lettuce deal is fairly satisfactory and is approaching the end with a price of \$3 for standards and \$1.75 for flats.

## APPLE EMBARGO OF BRITAIN IS AGAINST THE U.S.

July-November Order Cuts Off Large Exports From Republic

Winchester, Va., June 27.—Virginia apple growers and shippers ready to start early export trade next week, today were informed by the British Empire Export Council of the United Kingdom prohibiting importation of certain grades of United States apples from July 7 to November 15.

First reports of the embargo came here from R. G. Phillips, Rochester, secretary of the International Apple Growers' Association. Resident agents of British firms declined to make unsolicited suggestions to their home offices, provoking leading growers to say they believed the order-in-council "was a direct reprisal against the new United States tariff."

Grades affected by the order are "export commercial No. 1," "unclassified" and "No. 2."

### BIG LOSSES

General dismay was expressed by the growers of the Blue Ridge district.

Growers, who estimated the loss would amount to millions of dollars, said never before had British dealers objected to green and otherwise immature fruit being shipped to English markets from Virginia and other eastern states and shipments had been sent early only in response to foreign demand, with no effort to unload unripe fruit abroad.

The Blue Ridge belt has about 12,000,000 orchard trees, nearly all of bearing age. Barrel and box manufacturers and other allied industries also will feel the effects of the British prohibition.

## WILL WELCOME GRAND MISTRESS

The business meeting of Queen of the Island Lodge was held on Wednesday evening with Mrs. Keatings in the chair. There was a good attendance of members, and several visitors. Much business was discussed, including a social for the next meeting to welcome the Right Worshipful Grand Mistress of British Columbia. The next meeting will take place on July 9.

Mrs. Sadler gave a good report of the banquet held at the last meeting. Arrangements are in hand for a series of work to be held some time in November. There will also be the annual church parade on Sunday, July 4, at the First Baptist Church, members are requested to meet at the Orange Hall at 10 o'clock. The July 12 celebration will be held in Vancouver, members wishing to attend should apply to the ticket convener, telephone 6351R or 4407R.

### MURDER AND SUICIDE

Oakland, Calif., June 27.—Falling in an attempted reconciliation, Albert Ferreira, forty-rattan worker, shot and killed his wife, Emma Ferreira, 34, and then committed suicide last night in the home of his estranged wife's parents.

### DEATH RODE WITH SEGRAVE

Death rode in the Miss England 21, world's fastest motor boat when, as pictured here, Major Sir Henry Segrave and two companions gave it a trial run on Lake Windermere, England. Crowds of small craft lined the course when it was announced that the British speed king, who was knighted for his automobile record at Daytona Beach, Fla., would attempt to shatter the mark for speedboats. He did, at 58.70 miles an hour, but it proved to be the pace that killed. For Segrave, shown in the inset upper left, was fatally injured, an engineer instantly killed and another hurt when the Miss England II plunged beneath the surface at high speed. Two successful one-mile dashes had been completed before tragedy interrupted the third heat.

### Appetizing Fillers

For the centre filling of summer cakes, why not use fresh fruit? Children love banana cake and they will like just as much red raspberry, strawberry, peach, apricot, orange or any other fruit for a centre filler. You can use whipped cream or custard for the top or serve it sprinkled with powdered sugar.

## NEWS IN BRIEF

The meeting of the provisional committee to discuss federation of local clubs and societies will be held this evening at Fletcher's music store, Douglas Street, at 8 o'clock.

Councillor and Mrs. H. C. Oldfield will represent Saanich Municipality at the official welcome to be extended to the new Canadian National steamship Prince Henry, to-morrow.

The Saanich Council yesterday evening expressed appreciation of a grant of \$1,000 from the Department of Education, for relief of school taxation in the Craigflower district attached to Saanich.

"W. Q. Judge on Reincarnation" will be the subject presented at a public meeting of the Victoria Independent Theosophical Society on Monday, evening at 8 o'clock in the Jones Building, Fort Street. Time will be given to questions and open discussion of the subject.

The annual picnic and sports of the Saanich Municipal Employees' Association will be held on Saturday at Wilby's Beach, Metchem, and is expected to attract over 300 men, women and children. The committee has arranged a splendid programme of sports and has collected a notable array of prizes.

A by-law ratifying an agreement with the Provincial Public Works Department for cancellation of the primary classification of Beuvensville Avenue and Keating Cross Road, and substitution of a secondary classification for Keating Cross Road was last night given final reading by the Saanich council.

Next Monday at 8 p.m. a public meeting will be held in the Y.W.C.A. to consider the formation of a men's mission in the city. Part of the work proposed, will include some form of relief for the unemployed during the winter, including cheap meals, beds, baths and other helpful assistance. All those interested are cordially invited to attend this meeting.

**FOUND DEAD ON DECK OF M. S. BERENS**

George Scott, Engineer on Government Lightship Tender, Dies at Nanaimo

Special to The Times  
Nanaimo, June 27.—George Scott, engineer, fifty-seven, residing at 1337 Lyall Street, Victoria, was found dead on the galley deck of the lightship tender Berens here at 1 o'clock this morning by Capt. Gordon Evans.

The captain tried to revive Scott, but without avail, and called Dr. Drysdale, who pronounced life extinct.

Second Engineer Knowles of Victoria saw Scott retire in apparently good health at 9.45 Thursday.

Engineer Scott had worked on the Berens since 1921. He is survived by three daughters, one in Victoria and one in the Yukon. The body was removed to Jenkins Undertaking Parlor by order of Coroner Hickling. The Berens arrived in Nanaimo Thursday evening.

**LOCAL DOCTOR IS PRESIDENT-ELECT**

Dr. T. McPherson Honored By B.C. Medical Association at Meeting

Dr. T. McPherson of this city was elected president-elect of the British Columbia Medical Association at a meeting of the association held at the Hotel Georgia, Vancouver, this week.

Dr. G. Lyall Hodgson of Vancouver was elected president; Dr. H. H. McKenna of Nelson, vice-president; and Dr. W. T. Ewing of Vancouver, secretary-treasurer.

The principal features of the meeting were two addresses by Dr. J. G. Fitzgerald, professor of hygiene and preventive medicine, and Dr. Oskar Kiots, professor of pathology, at the University of Toronto.

Professor Fitzgerald's topic was "Some of the Possibilities of the Future in the Practice of Medicine," and Professor Kiots spoke on "Medical Men and the Future of Medicine." These addresses were listened to appreciatively by a large and keenly interested audience.

The retiring president, Dr. W. A. Clarke of New Westminster, also addressed the members. Reports were read from the standing and special committees as well as from Dr. W. B. Burnett of Vancouver, who was delegated to the annual meeting of the Ontario Medical Association.

**New Comedy Team Over CFCT To-night**

Listeners to CFCT at 8 o'clock this evening will hear the first performance of "Eliza and Wong," a comedy team that will be featured from Victoria's radio station in this time every Friday night. Radio enthusiasts will find no difficulty in recalling Eliza as the colored janitor formerly with the "Highbush" restaurant. These characters have not been heard over CFCT for quite a long time, and the radio this evening will be looked forward to and enjoyed by a great many old friends and admirers.

## FAT STEERS FOR ARMY BARBECUE AT MAPLE BAY

Three Well-nourished Animals to Be Roasted For Monster Military Feast

Lieut.-Governor to Attend Event to Be Staged By Scottish After Battle

Three well-nourished steers will take the place of the fatted calf as a votive offering to the troops participating in the military manoeuvres at Maple Bay and their friends at a barbecue on-island, Monday evening, it was announced to-day by Colonel Don Martin, officer commanding the 16th Canadian Scottish. Under the patronage of His Honor the Lieutenant-Governor, colonel-in-chief of the regiment, the Highlanders expect to entertain approximately 1,000 soldiers and an equal number of guests at the event, which will be one of the highlights of the three-day camp of British Columbia's fighting men in that district.

For three days the animals will be roasted over the fires of the camp and will be tender and juicy when they are served at the feast. A large supply of oak wood has been secured for the roasting and the glowing fuel will be kept alight continually until the steers are "done to a turn."

**GIVE MILITARIAN HOLIDAY**

In order to assist in the camp, Provincial Government and civic departments will allow their militia members to take Saturday and Monday off, and business firms in the city are expected to comply with the request of the military headquarters that soldiers in their employ be allowed to attend the manoeuvres.

Approximately 200 members of the Canadian Scottish are expected to muster for the camp, while other units from the city will be out in force. Vancouver is reported to have a unit larger than any other in the province that city for the event, and will doubtless lend lustre to the demonstrations.

At 5.50 o'clock to-morrow, the local Highlanders will board the Armentier, transport ship for the troops, and will proceed to the scene of the exercises at Maple Bay.

**Hotel Lobby Gossip**

Medical men who have been attending the clinics of the Summer School held under the auspices of the Vancouver Medical Society, are beginning to arrive in Victoria for a visit before returning home.

Dr. B. C. Leech of Regina, who practices anaesthesia, reached the city to-day from the mainland, registering at the Empress Hotel.

Dr. Fitzgerald, director of the Connaught Laboratory at Toronto, Dr. Kiots and Dr. Wilson, also of Toronto, will reach Victoria to-morrow from Vancouver, Dr. Leech stated.

Dr. Leitch of Edmonton is also expected in the city for a short stay before returning to Alberta.

Hugh M. Lorber, secretary-treasurer of the Dollar Steamship Lines and vice-president of the American Mail Line, arrived in the city yesterday from Vancouver and registered at the Empress Hotel.

Mr. Lorber is returning to San Francisco after having been in the province for a short time.

**AUSTRALIA MAY PURCHASE PLANE SOUTHERN CROSS**

Canberra, Australia, June 27.—The government to-day was asked, in the Senate, to purchase the monoplane Southern Cross as a national memorial to Australia's pioneer aviators and further to perpetuate their memory by naming airports and air-dromes after them.

## G. MCGREGOR AGAIN SAANICH MEMBER OF HOSPITAL BOARD

George McGregor, chairman of the Royal Jubilee Hospital directorate, was yesterday evening reappointed by the Saanich Council as its representative upon the board of directors of the hospital. The council coupled with the reappointment a warm vote of appreciation of Mr. McGregor's services.

## JURY FINDS DEATH TO BE ACCIDENTAL

Recommend Improvements Be Made at Corner Where W. Barnett Lost His Life

A coroner's jury to-day brought in a verdict of accidental death in connection with the fatal accident to Winston Barnett at the corner of Foul Bay Road and Granite Street on Wednesday last. The jury recommended that the corner be improved so as to lessen the risk of any further accidents there.

Young Barnett, fifteen, died as a result of injuries sustained when his bicycle collided with a British Columbia Electric Railway Company motor collecting car driven by Ira Francis Smith between 2.35 and 2.40 o'clock on Wednesday.

Testifying before Coroner E. C. Hart at the British Columbia Funeral Parlors this morning, Dr. John Moore stated that the lad was suffering from a fractured skull, a serious scalp wound and a fractured right arm when he was called to attend him at the Royal Jubilee Hospital and that he died as a result of these injuries early the following morning.

**THREE BOYS ABBREAST**

George Barbridge and John Carver, Barnett's companions, said that the lad was riding his bicycle west on Granite Street shortly before the crash. They rode abreast until coming to the intersection when they proceeded in single file around the corner with Barnett in the middle. They were about a foot and a half from the curb but the deceased swung slightly further into the middle of the road and struck the corner of the collecting car.

Bradshaw, and his father, Leonard Bradshaw, who drove the car down Granite Street behind the boys saw the collision as they approached the corner. The younger Bradshaw summoned the Oak Bay police.

**VANCOUVER IS TO RECOVER LOST MONEY**

Restitution of Shortages in Employees' Accounts Already Made in Part

Vancouver, June 27.—Efforts to recover as much as possible of the shortages—now more than \$60,000—are being made by the civic legal department.

Already restitution has been made by Clifton Maxwell, formerly of the Relief Department, of \$2,300; and by the former of the City Treasurer's Department, of \$200.

Mayor R. D. Barnes and Police Commissioner Ewing headed the civic forces while Inspector Forbes Cruickshank commanded a large detachment of provincial police.

**VACATION STARTS FOR JUSTICES OF COURT OF APPEAL**

Justices of the Court of Appeal to-day were completing their vacation work to start on Monday their vacation season, which will extend through all July.

The court on the plea of J. R. Nicholson, counsel, to-day reversed the judgment of a Vancouver magistrate and set him free on his own recognizance.

Those sentenced to one year in jail as a motor car bandit, Mr. Nicholson, considered all the facts having to do with Nelson being incarcerated at the time, O. Orr of Vancouver appeared for Nelson.

**CHINESE TO APPEAR**

The court will hold its final session Monday to hear appeals before it. Chow Duck Yot and Wong Sing, alias Wong Yung, who were sentenced to prison on opium charges, Tuesday, 1.078 for Great Central, Nine candidates were entered in the contest, four for Alberni, two for Great Central and one each for Cherry Creek, Beaver Creek and Great Central.

Lillian Nicholson will head the parade two miles long and receive the cheering crowds on arrival at Recreation grounds, where the coronation will take place. Marjory Carter and Sumi Oto will be maids of honor.

## LT.-GOVERNOR'S CARAVAN CAR GOES OVER BANK

Alaska Highway Party Delayed By Slight Mishap

Hon. R. R. Bruce Dedicated Gold Rush Monument at Quesnel

Quesnel, B.C. June 27.—From the head of the Arctic watershed down the Great North Road and across the canyon of the cottonwood, Premier Zigmie's Alaska road caravan came to old Quesnel late Thursday night after a day of adventure.

It was at Brathnavor, half way between Prince George and Quesnel, that the caravan met its first accident, when Lieut.-Governor Bruce's car slipped off the road, slipped down a clay bank and stuck fast in the creek mud, from which it was rescued with some difficulty. A sudden rain storm which caused a freshet on the road, was responsible for the mishap.

Hitting this had spot on a curve, the chauffeur faced the alternative of turning the car over or running down the bank. With presence of mind, he chose the bank and eased the car down it so safely that Miss Margaret MacKenzie, the Governor's niece, who was doing at the moment, did not awake.

**ANKLE DEEP IN MUD**

For an hour the entire caravan, wading ankle deep in mud at the side of the road, sought to pull the car out of the gully. Rev. Canon Parrot, of Quesnel, was the hero of the incident. He organized the rescue party, cut brush to place under the wheels and stretched cables from it to other cars and finally landed the Governor's car back on the road, and the party proceeded on its way.

This delayed the party's arrival in Quesnel, but His Honor still found time to dedicate the town's unique monument to the Cariboo gold rush. This is a huge wooden Cornish wheel used to operate a pump in the placer mines of Peters Creek in the days of '62. It was erected through the instrumentality of Hon. W. A. McKenzie, Minister of Mines, and the mining engineers of the province. The dedication ceremony on the grassy bank of the Fraser, where the sunset was reflected in moving, scarlet tints, was impressive.

After A. J. Elliot, chairman of the village committee, had explained the purpose of the memorial, Dr. Victor Dolman, speaking for the engineers, told of the desire to perpetuate the work of the late Cariboo miners. The Lieutenant-Governor also said an eloquent tribute to the men who once marched through Quesnel to the golden strands of Williams Creek.

Before leaving the north the caravan was royally entertained by the people of Quesnel.

**NO DISORDER IN MARCH OF FREEDOM SONS**

Doukhobors Escorted By Police Through Nelson, Down Kootenay River

Water Pumps Ready For Demonstration, But No Disturbance Seen

Nelson, B.C., June 27.—Stating their only desire was to get on their way down the Kootenay River peacefully, and expressing willingness to comply with any demands made by the city, the small army of the Sons of Freedom, set of Doukhobors which on Friday left Porto Rico yesterday after nearly a year's residence there is now past Nelson.

The Doukhobors advanced to the City limits in small parties, as arranged by the provincial police. These parties were provided by the city police with guides, and cut across the city to the Granite Road, where the provincial police again took charge of them. Their equipment went through town in five trucks, well loaded also with men, women and children, it being arranged that the gasoline could be purchased on route.

**HEADED BY MAYOR**

Mayor R. D. Barnes and Police Commissioner Ewing headed the civic forces while Inspector Forbes Cruickshank commanded a large detachment of provincial police.

The first-foot parties have in sight at 10.30 to-day and by 11 o'clock approximately 20 persons, including those going through on the trucks earlier, were past Nelson, with struggling parties still to come.

Forestry pumps supplied two streams of water from Cottonwood Creek, and the fire department also had a line of hose laid in case of trouble, but it was not necessary to use them.

To-night's camp will be at Thruma, sixteen miles below Nelson. It is reported Peter Verigin expects a high dignitary of the Doukhobors to-night, and will be welcomed at brilliant Sunday by community feasts at which the rebels against Peter's authority propose to be present, but in what capacity is a matter for conjecture.

**ROSE QUEEN AT ALBERNI**

Alberni, June 27.—After keen competition among the districts of Alberni, Great Central, Cherry Creek, Beaver Creek and Oak School, Lillian Nicholson was elected Rose Queen.

Lillian Nicholson will head the parade two miles long and receive the cheering crowds on arrival at Recreation grounds, where the coronation will take place. Marjory Carter and Sumi Oto will be maids of honor.

Wellington, N.Z., June 27.—The National Dairy Association of New Zealand yesterday passed a strong resolution urging dairymen of the Island to purchase goods in Great Britain in preference to purchasing in the United States, Canada or Australia in view of the "economically restrictive" duties imposed by those countries on products of New Zealand.

## TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)

Winnipeg, June 27.—Wheat futures had an erratic movement in the early stages, but then opened fractionally higher, and showing an upward trend at the outset on short covering operations which were continued from yesterday's market. On quite bulge, the large local interest being credited with some of the selling, but profit-taking was also in a measure responsible.

Unfavorable reports from important wheat areas in Saskatchewan acted as a check on selling pressure and also brought on some further short covering near the close. The Liverpool cables were strong, based on the upturn here yesterday and further affected by the small weekly clearance from the southern hemisphere as well as the fact that the demand from millers showed improvement.

Despite the fact that Argentine shipments were smaller than estimated and just exceeded two million bushels their noon cable from Buenos Ayres showed a rather sharp dip, which was not an encouraging factor locally, foreign reports continued mixed.

The main bullish report coming from France where it is thought that an under average crop will be produced this year. Spreading operations were mostly routine. The main feature was the transfer of holdings by commission houses from the July to the distant months with shipping interests taking the July. Operations between here and Chicago were two sided, but the trend was towards selling the December here against purchases of Chicago September.

Trade in the closing business was quiet after the close. Some reports placing the total as high as 2,000,000 bushels, overnight, however very little was done. The demand for corn was quite lively in the export flour trade also continued quiet with just a fair domestic trade passing.

Corn grain: There was a little inquiry for low grade oats but business in all coarse grains was extremely light. Pit trading was quieter than yesterday with some liquidation in evidence early mainly in July oats. These futures closed 1-8 lower to 1-4 higher and wheat unchanged to 1-8 higher and 7-8 half to quarter lower.

Flax: No interest was shown in flax apart from scattered liquidation and closing prices were one and half lower to unchanged.

Chicago, June 27.—Wheat: Nervous market in wheat buying not broad enough to maintain the rallies, but with better support indicated on the Atlantic. Canadian news was about a stand-off, some points having more rains, but the government report as well as private advice indicate large and important areas which are badly in need of moisture, the rains of the past few days having been poorly distributed.

Farm board officials reiterate the statement that the wheat holdings of the stabilization corporation will not come on the market without a big advance in prices. This leaves the new crop with competition with the old wheat which is usually a big factor at this time.

The export trade is still of indifferent proportions while the winter wheat movement is increasing normally for this time of the year. Mills report good buying of flour both domestic and export, which is encouraging. French reports were rather bullish but had no great effect. Argentine shipments were small at 2,126,000 bushels and the visible supply also is light about 6,000,000 bushels versus 15,000,000 bushels a year ago.

Australia shipped 855,000 bushels, and Liverpool was fairly strong while Buenos Ayres was weak. The decline appears to have been checked for time being, but it will take radically bullish news to make for any big advance while the new crop movements has its weight on the market. North-western clearances 6,737,000 bushels.

Corn—Irregular price trend was shown in corn. Country offerings were not much larger but the demand was slower here with the basis 1/2 to 3/4 lower. Receipts fifty-four cars, primary arrivals 490,000 bushels versus 914,000 a year ago.

Rains were forecast for the western part of the belt. The maps showed rain over the entire western half of the continent, but there is little real pressure on corn. A two-sided market indicated for time being.

Oats—Were little changed, market having fair support. Receipts small at twenty-eight cars, primary arrivals 235,000 bushels versus 354,000 bushels a year ago. Cash demand fair.

Rye—Pressure on rye is not so heavy, there being little inducement for selling at this level and shorts are having a harder time covering. No special change in the general news or in the situation.

## WHEAT TRADE ANXIOUS TO TAKE BUYING SIDE

Winnipeg, June 27.—"Pit Observer" says: "The Ottawa Government report was not nearly as pessimistic as private reports received from Saskatchewan and Alberta, and the fact that parts of Alberta had rain overnight assuaged bullish enthusiasm somewhat to-day."

"Pit traders are ready to take the bull side if news warrants it, so the news from Saskatchewan and Alberta should be watched closely."

"Present prospects do not indicate a large crop for Western Canada, and hot dry weather early next week would likely reduce our crop to a small one."

Ottawa, June 27.—Dominion Bureau of Statistics report says crop conditions in Manitoba continue favorable on the whole, while the crop in Saskatchewan is rather backward, considering the early seeding. The prospects in Alberta have materially improved. The report was prepared by the Bureau in co-operation with the Department of Agriculture and provincial organizations.

Chicago, June 27.—The Chicago Tribune to-day says: "Wheat prices have declined to a level where they are attracting more attention of the trade throughout the world and commission houses are receiving numerous inquiries as to the advisability of buying wheat on any further break, or even at present prices."

Bank of Montreal crop report to-day says: "Alberta—in some northeastern localities there has been severe damage from soil drifting and cutworms, but crops now are making progress after recent heavy rains. In southeastern areas early sown wheat is poor, but late sown is in good condition. More rain is needed in the next ten days, otherwise a heavy rain has been damaged by strong winds, but recent rains have been beneficial."

"Saskatchewan—Northern area wheat generally is well stood, six to eight inches high, and possibly 50 per cent in shot blade. The average height of southern area. The average height of wheat is from eight to ten inches. There is a fair stand and from 50 to 60 per cent in shot blade. The damage from all sources is estimated at 10 to 15 per cent, and is more serious in the Regina and Moose Jaw areas."

"Manitoba—All crops are healthy, recent rains and the prevailing warm weather promoting rapid growth. Wheat is up ten to twenty inches and advancing into shot blade."

## LONG HOLIDAY SET FOR MARKET

New York, June 27.—Bullish feeling closed on Independence Day, July 4, the New York Stock Exchange will remain closed on July 5, it was decided by resolution of the members. This will give a holiday from the afternoon of Thursday, July 3, until Monday morning, July 7.

## Vancouver Halts In Suspension Of Solloway, Mills

Vancouver, June 27.—At a full meeting of the membership of the Vancouver Stock Exchange, no further action was taken in the case of Solloway, Mills & Company in view of the fact that the company is discontinuing business Saturday.

On Tuesday afternoon, the exchange suspended Solloway, Mills & Company from trading on the floor of the exchange, and to-day's meeting was called to take final action on expulsion of the firm from the exchange.

Toronto, June 27.—The Toronto Stock Exchange recorded another dull day in which price swings were narrow. Brazilian got down under 40; Nickel went up 24; Bell Telephone reacted to selling from Wall Street, declining from 147 to 145 1/2; Walkers touched 8 1/2 before the close.

The oil left unchanged; Massey-Harris, Ford of Canada and P. H. Burt were from a fraction to 1 point higher; C.P.R. hitting a new low for the year Thursday, rebounded to 188 to-day.

## TO-DAY'S REPORTS ON CALGARY OILS

News that Calmont No. 7 on the Dallas lease, close to Home No. 2 and No. 3 producers, had encountered the time at 4,902 feet, and that Calmont No. 1 near Challa No. 1 was gassing and producing, would be taken shortly, was announced at the Calmont office. No. 7 struck the time at 4,902 feet and six and one-quarter-inch pipe is being run to-day.

Calmont No. 2, which is at a depth of 5,577 feet, or which 203 feet is in the line, will be drilled for another fifteen feet and then placed on production test. No. 4 on the Dallas lease was drilling 4,881 feet yesterday. At No. 3 adjustments of back pressure are still being made.

Mayland No. 2 in the south end of the Turner Valley struck the time at 4,710 feet. The well will be drilled a short distance into the potential producing horizon, following which casing will be run and cemented.

Drilling out the cement plug at Eastcrest No. 1 is in progress. Officials do not expect any trouble in drilling the well to completion in the limestone. No. 2 "A" drilling is proceeding from 3,725 feet, below the Dalhousie sands.

The A.P. Consolidated Spring Creek well was reported drilling at a depth of 1,799 feet in a green shale and grey sandstone formation.

The A.P. Consolidated Duvernay well was reported drilling at a depth of 1,005 feet with drilling proceeding.

Testing is still in progress at the A.P. Consolidated No. 2 Turner Valley well.

Model, on the western flank of Turner Valley, just north of the central producing area after lowering in track came in "two months ago, has for the past week yielded a product of 63 degrees Bammé gravity. This well is being watched closely as a possible producer of crude.

Freehold No. 2 officials confirm previous report that the well has settled to a production of between 125 and 150 barrels daily. Managing director stated well may be drilled deeper shortly.

**No Honor  
When He Has To  
Pay Income Tax**

Falls, Ont., June 27.—MacDonald, local veteran of War, ordered his name removed from the Civic roll of honor after officials forced him to municipal income tax. The honor is a large bronze tablet names are deeply engraved.

Officials found it impossible to remove the name, so to pacify Mac Donald a strip of paint was pasted over his name.

## Langford

Seven pupils sat for the High School Entrance examinations held at the Colwood Centre this week: Ruth Pearce, Eileen Nora Hincks, Jack Wilkinson, Robert Brotherton, Ronald McCrimmon, Quong Quan and Qong Toun.

Twelve members of the Langford Tennis Club will play a match in the Lower Island League series on Saturday, June 28, at 2:30 o'clock, against a third division team of the Victoria Lawn Tennis Club on the latter's courts.

The midsummer musical recital of Mrs. Horace Simpson's pupils will be held on Saturday, July 12.

## AUTOMATIC PHONES BEING INSTALLED HERE

Remarkable selector apparatus which will supplant "hello girls" in Victoria this fall. Metal fingers in the equipment shown will automatically pick out numbers dialed. Factory experts from Chicago, after inspecting the local installation, recently stated the work being done on wiring is far better finished and neater than in most instances. Locally-trained young men are doing much work usually completed in the factory. The parts were ordered shipped here from Liverpool, England, with much of the assembly wiring absent or not connected up.

## "So Skinny Shamed In Bathing Suit. Gained 15 Lbs."

"Gained 15 lbs. taking Ironized Yeast. Was always ashamed to wear bathing suit but now I can and not feel too skinny." — Eulah Lanningham.

Thousands write of 5 to 15 lbs. gained in 2 weeks with Ironized Yeast. Bony limbs round out. Ugly hollows fill in. Bleached skin gets clear and rosy like magic. Nervousness, indigestion, constipation disappear overnight. Sound sleep. New health and pep from very first day.

Two great tonics in one—special weight-building Malt Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated yeast. Results in 1/2 time.

So quit being ashamed of "skinny-ness." Allow skin. Get Ironized Yeast from druggist to-day. For great to-morrow. Money back from manufacturer if not delighted with quick results. (Advt.)

## NARROWS CAN BE BRIDGED

Scheme Is No Longer a Dream, R. T. Williams Tells McBride Club

That the island could easily be joined to the Mainland by a bridge over Seymour Narrows was the declaration made by R. T. Williams in an address to the McBride Club Wednesday evening, using a number of beautiful photographs of the Seymour Narrows country to illustrate his arguments. Mr. Williams said that the bridge project was no longer a dream but a practical problem of engineering. In speaking of the cost he stated that the bridge would not cost more than \$4,000,000 in contrast to the thirty millions which had been estimated in some quarters.

"When one thinks that the new bridge which they are building in Scotland has a span of 2,500 feet, and when one remembers that the longest span in bridging Seymour Narrows would be 1,400 feet, it is manifestly absurd to throw cold water on the scheme from the bridge-building point of view," said Mr. Williams in disposing of the engineering difficulties presented by some critics.

The shoreline of the Narrows was particularly suited to the construction of a bridge, he said, while considerable work would have to be done to make the straits safer for navigation.

Referring to the construction of a road on the Mainland he said Homathko Canyon route would be easier to build than the Fraser or Cariboo Roads had been in the past. The Homathko River was navigable for over thirty miles, while there is a large amount of very fertile land at the Delta.

Many of the lantern slides were taken by Mr. Williams himself and included views of Maude Island and the shoreline of both Vancouver Island and the Mainland at the point where the Narrows would have to be bridged.

The speaker urged the people of Victoria to co-operate with a plan which would mean so much to the prosperity of the Island. At the close of the meeting Mr. Williams was tendered a vote of thanks.

## WILL PROTECT GULLS AGAINST NEST ROBBERS

In an attempt to protect seagulls in the nesting season, Oak Bay police have taken steps to punish boys who steal the eggs, and have issued a warning to the effect that taking eggs is against the law defined in certain clauses of the Migratory Birds Act.

Despite the fact that certain municipalities have been declared in the environs of Victoria, many young collectors have ignored the regulations governing these protected areas and have carried on their plunder.

About a year ago it was alleged United States collectors were depleting the birds in British Columbia, but strict corrective measures soon put an end to their activities.

## ROBBERS GOT \$160, BUT THEY MISSED CHEQUES

Seattle, June 27.—Robbers, in their hurried attempt early to-day to obtain money and valuables after they had burglarized two safes in adjoining offices of a motor company here, carried away \$160, but overlooked approximately \$60,000 in negotiable securities and cheques in a drawer of a desk. C. M. Steves, president of the company said.

Entrance to the offices was made through a window. The safes were opened by knocking off the combinations and prying open the doors, police said.

## Sooke

The garden arranged by the Women's Holy Trinity Sooke branch of the Women's Auxiliary, in honor of the Metochia branch, was held at the home of Colonel and Mrs. Schreiber (Mrs. J. Schreiber, of Metochia) about 100 guests, making a good number of the guests making the trip from Metochia. The afternoon was devoted chiefly to social intercourse, with tea served on the lawn and was much enjoyed by all present.

Mrs. Murray and her young son of Victoria, were the guests of Mr. and Mrs. Brownsey for the week-end. After a few days visit to relatives in Vancouver, Mr. and Mrs. V. Richardson have returned to their home on Church Road.
